

New Centre Offers a Bright Future for Health and Care Services in Gorbals

The New Gorbals Health and Care Centre will open to patients, users and visitors on Monday 21st January 2019. A full list of services located in the new centre is on page 2. The address is:

New Gorbals Health and Care Centre

2 Sandiefield Road

Glasgow G5 9AB

Telephone: 0141 201 5000

The new health and care centre is built on the site of the former Sandiefield Road high rise flats

**What services will be delivered at
 New Gorbals Health and Care Centre?**

The centre will deliver a range of fully integrated health and social care services, previously located at Gorbals Health Centre, the Two max building and the Southbank Centre:

- Ker, Gordon, McEvinney and Mills and Marshall GP practices
- Public Dental and Gorbals Dental Practice
- Physiotherapy
- Podiatry
- Alcohol and Drug Recovery Service
- Children and Families Service
- Treatment Room Service
- CAMHS
- Specialist Children’s Services

The centre has a number of bookable rooms that allow a range of visiting clinics to be offered including speech and language, health visiting, health improvement and others.

Engaging with staff, partners and the local community

Our Engagement Plan

Throughout the planning, design and building of the centre we have worked closely with a number of community stakeholders and partners. Their contribution has been invaluable in supporting our programme of community participation and engagement. We would like to take this opportunity to sincerely thank all of those who have been involved.

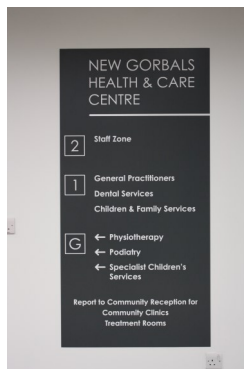

Community Visits: Thursday 10th January 4-7pm

Would you like a glimpse inside the centre in advance of the official opening? A short tour is available at the following times: 4pm, 4.45pm, 5.30pm, 6.15pm. Places on the tours are limited and must be reserved in advance by contacting Lisa Martin; details are provided on page 4.

Fully accessible reception areas

Bright and airy public spaces

Standard treatment room

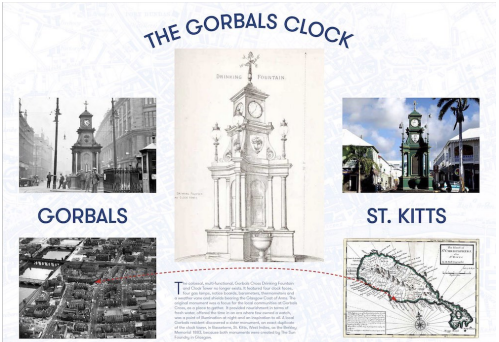

Waiting area with view to the courtyard

Art strategy brings centre to life

The principle of the art strategy is that all of the content is resourced from the surrounding community, with additional contributions from staff. The portrait gallery is a striking installation of digital monitors featuring images of people captured at various community events. A series of storyboards connect Gorbals past and present, people and places and colourful local facts. Wall recesses throughout the building showcase hidden treasures donated by local people and projects. WAVEparticle were commissioned to deliver the art strategy and worked closely with the project team, art strategy group and local community throughout the planning, design and building phase. We would like to thank Pete McCaughey and his team for this invaluable contribution to the centre.

Featured storyboard: a local Gorbals resident discovered an exact replica of the famous landmark, the Gorbals Clock, in St Kitts in the Caribbean.

Travelling to the Centre:

Public Transport:

For the most up to date public transport options please use Traveline Scotland:

Telephone: 0871 200 22 33

Web: www.travelinescotland.com

Cycling: The centre has covered bicycle shelters at the front entrance.

Car parking: The centre has some on site parking for patients, users and visitors. Disabled parking spaces are available immediately outside the front entrance. There is a drop off area (strictly no waiting) and an electric car charging station.

Our Travel Plan:

Our Travel Plan describes how we will support alternative and active travel to and from the centre for visitors and crucially, for staff. The centre has on-site electric car charging points, secure cycle parking and an on-site electric bike for use by staff for visits and appointments. The Travel Plan also describes how we will manage the seventy five parking spaces, including six disabled spaces allocated as part of the planning application for the centre.

A copy of our Travel Plan is available by contacting Lisa Martin on the number below.

For more information on any aspect of the New Gorbals Health and Care Centre, to request this newsletter in an alternative format or to unsubscribe from this mailing list please contact Lisa Martin, Community Engagement Officer at: Lisa.Martin@ggc.scot.nhs.uk or call 0141 427 8269. Thank you.
