

Countdown to opening of the New Gorbals Health and Care Centre

Plans are underway for the transfer of services from the current Health Centre, Twomax Building and Southbank Centre. Our next newsletter, due out in November 2018 will provide all the essential information that patients, service users and the public will need to access the new health and care centre, scheduled to open in early December 2018.

For more information on any aspect of the new Gorbals Health and Care Centre, to request this newsletter in an alternative format or to unsubscribe from this mailing list please contact Lisa Martin, Community Engagement Officer at: Lisa.Martin@ggc.scot.nhs.uk or call 0141 427 8269. Thank you.

Engaging With Staff, Partners and the Local Community

Our Travel Plan:

Our Travel Plan describes how we will support alternative and active travel to and from the centre for visitors and crucially, for staff. The centre has on-site electric car charging points, secure cycle parking and an on-site electric bike for use by staff for visits and appointments. The Travel Plan also describes how we will manage the seventy five parking spaces, including six disabled spaces, allocated as part of the planning application for the centre.

Full details of our travel and parking arrangements will be set out in the November newsletter.

Local Engagement Sessions:

Over the coming months we will be visiting local community councils, residents associations and other groups to discuss the opening of the new centre. We will also be hosting drop in sessions in the local area. Members of the project team will be on hand to provide information about the services moving in to the centre and to answer any questions.

For more information and dates of local meetings please contact Lisa Martin using the details at the bottom of the front page.
