	<ul style="list-style-type: none"> Is there a need for these to be concluded before year (20-21) end and what are current expectations on timing and result? 		<p>Council through the Chair. Due to the current pandemic this discussion has been paused.</p> <ul style="list-style-type: none"> There is no requirement for this to be concluded before the end of 2020-21 as full budget provision has been made by the IJB. It is expected that this will be discussed by the Chair as part of the 2021-22 budget exercise. 	
10 and 12	<p>The risk register, and review of it, is referred to in the Recovery Plan (Item12) and in the Unaudited Accounts commentary (Item10).</p> <ul style="list-style-type: none"> Is it considered that review of the Register by FASC and the IJB is wholly for officers under temporary arrangements? If so, it would seem appropriate and helpful to allow members to see the Register (rather than just the extract in the accounts) for information. Can this be provided please? 	Councillor Jane Morgan	<ul style="list-style-type: none"> Although not specifically referred to in the temporary arrangements it is considered that the review of the IJB Risk Register would be treated in the same way as other areas of work not specifically referred to, and would be reviewed by officers. The IJB Risk Register, which details the risks to the IJB achieving its strategic objectives, has been updated to reflect the impact of the response to the COVID-19 pandemic as well as considering the changed probability of achieving those strategic objectives. This has changed the overall risk profile. 	Allison Eccles, Head of Business Development

This will be circulated in due course.</p> <ul style="list-style-type: none">• In a similar vein, consideration absolutely can be given to facilitating a review of the IJB Risk Register at a future meeting under temporary arrangements.
