

Glasgow Integration Joint Board

Annual Audit Report
Year Ended 31 March 2023

29 September 2023

EY

Building a better
working world

This report

This report has been prepared in accordance with Terms of Appointment Letter, through which Audit Scotland and the Accounts Commission have appointed us as external auditor Glasgow Integration Joint Board for financial years 2022/23 to 2026/27.

This report is for the benefit of the Board and is made available to the Audit Scotland and the Accounts Commission (together “the Recipients”). This report has not been designed to be of benefit to anyone except the Recipients. In preparing this report we have not taken into account the interests, needs or circumstances of anyone apart from the Recipients, even though we may have been aware that others might read this report.

Any party other than the Recipients that obtains access to this report or a copy (under the Freedom of Information Act 2000, the Freedom of Information (Scotland) Act 2002, through a Recipient's Publication Scheme or otherwise) and chooses to rely on this report (or any part of it) does so at its own risk. To the fullest extent permitted by law, Ernst & Young LLP does not assume any responsibility and will not accept any liability in respect of this report to any party other than the Recipients.

Accessibility

Our report will be available on Audit Scotland's website and we have therefore taken steps to comply with the Public Sector Bodies Accessibility Regulations 2018.

Financial statements

Financial statements

Our assessment:
Green

We have concluded our audit of the financial statements of Glasgow City Integration Joint Board for the year ended 31 March 2023. The draft financial statements and supporting working papers were of a good quality. During the course of the audit, we identified 3 audit differences that management adjusted in the financial statements.

Overall, we were satisfied that the Annual Governance Statement, reflects the requirements of CIPFA's updated *Delivering Good Governance Framework*.

We made one recommendation in relation to the management of hosted services at Appendix E. Glasgow IJB hosts a number of services on behalf of other IJBs within the NHS Greater Glasgow and Clyde area. We noted that in practice there are no formal arrangements in place to establish and monitor operational arrangements and responsibilities.

Going concern

Our assessment:
Green

In accordance with the CIPFA Code of Practice on Local Government Accounting, the IJB prepares its financial statements on a going concern basis unless informed by the Scottish Government of the intention for dissolution without transfer of services or function to another entity.

Under auditing standard ISA 570, we are required to undertake greater challenge of management's assessment of going concern, including testing of the adequacy of the supporting evidence we obtained. The IJB has concluded that there are no material uncertainties around its going concern status, however it has disclosed the nature of its financial position in the financial statements to reflect the ongoing impact of recovery from the Covid-19 pandemic, increased demand for services and inflationary pressures. The Board has also disclosed how the partners will consider any overspends.

We have no matters to report in respect of our work around going concern or the conclusions reached by the Board.

- Our auditor judgements are RAG rated based on our assessment of the adequacy of the IJB's arrangements throughout the year, as well as the overall pace of improvement and future risk associated with each area. This takes account of both external risks not within the IJB's control and internal risks which can be managed by the Board, as well as control and process observations made through our audit work.

Wider scope

Financial management

Financial management means having sound budgetary processes. Audited bodies require the ability to understand the financial environment and whether internal controls are operating effectively.

Our assessment: Green

The IJB recorded a net overspend in 2022/23 of £5.1 million as a result of the local government pay settlement being required to be met by the IJB, and continuing cost pressures within homelessness and prescribing that are difficult to control.

The IJB's has met overspends from general reserves but this is unsustainable in the short term. The Board's financial monitoring reporting was briefly impacted by an outage in Glasgow City Council's financial ledger.

Financial sustainability

Financial sustainability looks forward to the medium and longer term to consider whether the body is planning effectively to continue to deliver its services or the way in which they should be delivered.

Our assessment: Red

In 2023/24, the IJB's General Reserve is forecast to fall to £9.7 million, or 0.6% of net expenditure, well below the Board's target of 2%. The forecast for 2023/24 relies on the IJB delivering savings of £21.6 million (2022/23 savings achieved: £8.5 million), as a result of significant cost pressures, including recurring pay costs.

There is a risk that the level of financial pressures may exhaust the IJB's General Reserves in the short term. Future savings must therefore be agreed as a matter of urgency.

Vision, leadership & governance

The effectiveness of scrutiny and governance arrangements, leadership and decision making, and transparent reporting of financial and performance information.

Our assessment: Green

Governance arrangements worked well throughout 2022/23 and the IJB prioritised consultation with key stakeholders to support the development of an updated Strategic Plan. The IJB highlighted the operational impact of an ICT issue at Glasgow City Council within its governance statement. There were no other weaknesses in governance or internal control that were required to be reported within the Annual Governance Statement.

Use of resources

The IJB's approach to demonstrating economy, efficiency, and effectiveness through the use of resources and reporting outcomes.

Our assessment: Green

The IJB has a well-developed approach in place to monitor and report on key areas of performance, and was able to demonstrate key areas of improvement in 2022/23.

The IJB has, however, highlighted that the financial position places significant risk on the future delivery of services at the same levels.

Best Value

We are required to conclude on the IJB's arrangements to demonstrate the achievement of Best Value.

The IJB's has appropriate arrangements to secure Best Value, including performance and financial reporting arrangements. There is, however, a risk that the future delivery of services may be undermined by partner funding not keeping pace with ongoing cost pressures, and the subsequent pressure on services from savings required to date.

2. Introduction

Purpose of our report

The Accounts Commission for Scotland appointed EY as the external auditor of Glasgow City Integration Joint Board ('IJB' or 'the Board') for the five year period to 2026/27.

We undertake our audit in accordance with the Code of Audit Practice (June 2021); Auditing Standards and guidance issued by the Financial Reporting Council; relevant legislation; and other relevant guidance issued by Audit Scotland.

This Annual Audit Report is designed to summarise the key findings and conclusions from our audit work. It is addressed to both members of the IJB and the Accounts Commission, and presented to those charged with governance. This report is provided to Audit Scotland and is published on their website.

A key objective of audit reporting is to add value by supporting the improvement of the use of public money. We aim to achieve this through sharing our insights from our audit work, our observations around where the Board employs best practice and where practices can be improved, and how risks facing the IJB can be mitigated. We use these insights to form audit recommendations to support the Board.

Such areas we have identified are highlighted throughout this report together with our judgements and conclusions regarding arrangements, and where relevant recommendations and actions agreed with management. We also report on the progress made by management in implementing previously agreed recommendations.

We draw your attention to the fact that our audit was not designed to identify all matters that may be relevant to the IJB. Our views on internal control and governance arrangements have been based solely on the audit procedures performed in respect of the audit of the financial statements and the other procedures performed in fulfilling our audit plan.

Our independence

We confirm that we have undertaken client and engagement continuance procedures, which include our assessment of our continuing independence to act as external auditor. Further information is available in Appendix B.

Scope and responsibilities

The Code sets out the responsibilities of both the Board and the auditor (summarised in Appendix A). We outlined these in our Annual Audit Plan which was presented to the Board's Finance, Audit and Scrutiny Committee on 8 February 2023. There have been no material changes to the plan.

Our review and assessment of materiality

Our updated assessment of materiality resulted in a small change to the level reported within our Annual Audit Plan. The assessment raised materiality from £17.7 million to £18 million based on the 2022/23 levels of income and expenditure.

Financial Statements audit

We are responsible for conducting an audit of the Board's financial statements. We provide an opinion as to:

- ▶ Whether they give a true and fair view of the state of the affairs of the IJB as at 31 March 2023 and of its income and expenditure for the year then ended
- ▶ Have been properly prepared in accordance with UK adopted international accounting standards, as interpreted and adapted by the 2022/23 Code.
- ▶ Whether they have been prepared in accordance with the requirements of the Local Government (Scotland) Act 1973, The Local Authority Accounts (Scotland) Regulations 2014, and the Local Government in Scotland Act 2003.

We also review and report on the consistency of the other information prepared and published along with the financial statements.

We outlined the significant risks and other focus areas for the 2022/23 audit in our Annual Audit Plan, which was presented to the Finance, Audit and Scrutiny Committee on 8 February 2023. There have been no changes to our planned audit approach.

One significant risk was identified in relation to the risk of fraud in expenditure recognition, which includes the risk of management override of controls. We consider this risk to manifest itself through the manipulation of expenditure recognition. In addition, we continued to place increased focus on management's assertion regarding the going concern basis of preparation in the financial statements. Our findings are summarised in Section 3 of this report.

Exhibit 1: Updated materiality assessment in 2022/23 assessment

Our Annual Audit Plan explained that our audit procedures would be performed using a materiality of £17.7 million. We have considered whether any change to our materiality was required in light of the income and expenditure in 2022/23 and raised the materiality level to reflect the updated assessment following receipt of the unaudited accounts.

**Overall
materiality**

**Performance
materiality**

**Reporting
materiality**

We apply a lower level of materiality to the audited section of the Remuneration Report. We also apply professional judgement to consider the materiality of Related Party Transactions to both parties.

| Wider scope and best value

Under the Code of Audit Practice, our responsibilities extend beyond the audit of the financial statements. Due to the nature of the IJB, our wider scope work requires significant allocation of resources in the audit. The Code requires auditors to provide judgements and conclusions on the four dimensions of wider scope public audit:

- ▶ The Board's arrangements to secure sound financial management.
- ▶ The regard shown to financial sustainability.
- ▶ Clarity of plans to implement the vision, strategy and priorities of the Board, and the effectiveness of governance arrangements for delivery.
- ▶ The use of resources to improve outcomes.

Our Annual Audit Plan identified one area of significant risk in relation to the wider scope dimensions, regarding the development of a robust Medium Term Financial Plan. Our findings are summarised in Section 4 of this report.

Our annual assessment of the IJB's arrangements to secure best value is integrated within our wider scope annual audit work.

3. Financial Statements

Introduction

The annual financial statements allow the IJB to demonstrate accountability for the resources that it has the power to direct, and report on its overall performance in the application of those resources during the year.

This section of our report summarises the audit work undertaken to support our audit opinion, including our conclusions in response to the significant and other risks identified in our Annual Audit Plan.

The plan highlighted one area that we identified as a fraud risk relating to the presumed risk of fraud in revenue and expenditure recognition, including through management override of controls. For the IJB, we consider this risk to manifest itself as an expenditure recognition risk.

Compliance with regulations

As part of our oversight of the IJB's financial reporting process we report on our consideration of the quality of working papers and supporting documentation prepared, predominantly by the finance team, to support the audit.

The financial statements were prepared in accordance with the CIPFA Code of Practice on Local Authority Accounting 2022/23.

The draft financial statements and supporting working papers were submitted for audit by 30th June 2023, in line with requirements. The financial statements and working papers were of a good quality.

We were satisfied that the IJB made the financial statements available for public inspection in accordance with Regulation 9 of The Local Authority Accounts (Scotland) Regulations 2014.

As part of the audit process, we worked with the finance team to make enhancements to the presentation of the financial statements, including going concern disclosures.

Audit outcomes

We identified 2 adjusted differences arising from the audit which have been reflected within the financial statements. No differences remain unadjusted. Our overall audit opinion is summarised on the following page.

As part of the audit we reviewed the financial statements and made a number of comments aimed at improving the compliance with the Code of Accounting Practice, or to enhance the understanding of the financial statements. We worked with management to make amendments as appropriate and will continue to discuss good practice going forward.

We made one recommendation relating to the financial statements as a result of the annual audit, which was graded as moderate priority (Grade 2). This, together with management response is included within the action plan in Appendix E.

Audit approach

We adopted a substantive approach to the audit as we have concluded this is the most efficient way to obtain the level of audit assurance required to conclude that the financial statements are not materially misstated.

During our planning procedures, we determine which accounts, disclosures and relevant assertions could contain risks of material misstatement.

Our audit involves:

- ▶ Identifying and assessing the risks of material misstatement of the financial statements, whether due to fraud, error or design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. Obtaining an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the IJB's internal control.
- ▶ Evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- ▶ Concluding on the appropriateness of management's use of the going concern basis of accounting. Evaluating the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- ▶ Obtaining sufficient appropriate audit evidence to express an opinion on the financial statements.
- ▶ Reading other information contained in the financial statements to form assessment, including that the annual report is fair, balanced and understandable.
- ▶ Ensuring that reporting to the Finance, Audit and Scrutiny Committee appropriately addresses matters communicated by us and whether it is materially inconsistent with our understanding and the financial statements.
- ▶ We rigorously maintain auditor independence (refer to Appendix B).

Exhibit 2: Our Audit Opinion

Element of our opinion	Basis of our opinion	Conclusions
Financial statements <ul style="list-style-type: none"> ► Truth and fairness of the state of affairs of the IJB at 31 March 2023 and its expenditure and income for the year then ended. ► Financial statements in accordance with the relevant financial reporting framework and relevant legislation. 	<ul style="list-style-type: none"> ► We report on the outcomes of our audit procedures to respond to the most significant assessed risks of material misstatement that we have identified, including our judgements within this section of our report. We did not identify any areas of material misstatement. ► We are satisfied that accounting policies are appropriate and estimates are reasonable. ► We have considered the financial statements against Code requirements, and additional guidance issued by CIPFA and Audit Scotland. 	<p>We have issued an unqualified audit opinion on the 2022/23 financial statements for the IJB.</p>
Going concern <ul style="list-style-type: none"> ► We are required to conclude on the appropriateness of the use of the going concern basis of accounting. 	<ul style="list-style-type: none"> ► We conduct core financial statements audit work, including review and challenge of management's assessment of the appropriateness of the going concern basis. ► Wider scope procedures including the forecasts are considered as part of our work on financial sustainability. 	<p>In accordance with the work reported on page 14, we have not identified any material uncertainties.</p>
Other information <ul style="list-style-type: none"> ► We are required to consider whether the other information in the financial statements is materially inconsistent with other knowledge obtained during the audit. 	<ul style="list-style-type: none"> ► The Chief Financial Officer is responsible for other information included in the financial statements. ► We conduct a range of substantive procedures on the financial statements and our conclusion draws upon review of committee and board minutes and papers, regular discussions with management, our understanding of the IJB and the wider sector. 	<p>We are satisfied that the Annual Report meets the core requirements set out in the Code of Practice on Local Authority Accounting.</p>

Exhibit 2: Our audit opinion (continued)

Element of our opinion	Basis of our opinion	Conclusions
Matters prescribed by the Accounts Commission <ul style="list-style-type: none"> ▶ Audited part of remuneration report has been properly prepared. ▶ Management commentary / annual governance statement are consistent with the financial statements and have been properly prepared. 	Our procedures include: <ul style="list-style-type: none"> ▶ Reviewing the content of narrative disclosures to information known to us. ▶ Our assessment of the Annual Governance Statement against the requirements of the CIPFA Delivering Good Governance Code. 	We issued an unqualified opinion.
Matters on which we are required to report by exception	We are required to report on whether: <ul style="list-style-type: none"> ▶ Adequate accounting records have been kept. ▶ Financial statements and the audited part of the remuneration report are not in agreement with the accounting records. ▶ We have not received the information or explanations we require. 	We have no matters to report.

Our response to significant and fraud audit risks

We identified one significant risk within our 2022/23 Annual Audit Plan:

- Risk of fraud in expenditure recognition, including through management override of control (key audit matter).

What is the risk?

As we outlined in our Annual Audit Plan, ISA (UK) 240 requires us to assume that fraud risk from income recognition is a significant risk. In the public sector, we extend our consideration to the risk of material misstatement by manipulation of expenditure.

As there is no material judgement associated with the recognition of the IJB's funding from Glasgow City Council and NHS Greater Glasgow and Clyde, we have determined that the risk of revenue recognition does not materialise. We therefore consider this risk to be most prevalent in the following expenditure balances:

- Cost of services: £1,799 million; and
- Cost of services prior year comparator: £1,776 million).

Refer to accounting policies B, C and F (pages 64-65) and notes 4, 8 and 10 of the Financial Statements.

What judgements are we focused on?

For expenditure we focus on the risk in relation to the existence and occurrence of expenditure incurred by the IJB in commissioning services from the partners.

There may be judgement in the timing of the recognition of expenditure.

What did we do?

We undertake specific, additional procedures for income and expenditure streams where we identified a fraud risk. For 2022/23 our work included:

- We challenged management on how the IJB gains assurance over the expenditure it incurs and the basis of payments it makes to its partner bodies to deliver commissioned services.
- We reviewed the financial information that management present to the IJB that clarifies the source of information provided by each of the IJB partners. Reports to the IJB at the year end also made clear that the year end outturn represented the approval by the IJB of the final expenditure incurred in commissioning services from Glasgow City Council and NHS Greater Glasgow and Clyde.
- Review of additional revenue streams and cut-off testing for additional income received.
- As part of the year end process, we obtained written confirmation statements from the Director of Finance at NHS Greater Glasgow and Clyde and the Section 95 Officer at Glasgow City Council of the spend by the respective bodies on delivering services, and therefore their request for payment from the IJB to cover those costs. We obtained a copy of those confirmations and agreed figures within the financial statement to source documentation.
- We obtained independent confirmation from the appointed auditor at both the Council and NHS Greater Glasgow and Clyde of the income and expenditure transactions recorded at their respective audited bodies. The confirmations agreed the income and expenditure amounts transacted in the year.

| Risk of management override

Our Annual Audit Plan recognises that under ISA (UK) 240, management is considered to be in a unique position to perpetrate fraud in financial reporting because of its ability to manipulate accounting records directly or indirectly by overriding controls that otherwise appear to be operating effectively. We respond to this risk on every engagement.

| Risk of fraud

We considered the risk of fraud, enquired with management about their assessment of the risks of fraud and the controls to address those risks. We also developed our understanding of the oversight of those charged with governance over management's processes over fraud.

| Testing on journal entries

We tested the appropriateness of manual journal entries recorded in the general ledger and other adjustments made in the preparation of the financial statements. We obtained all journals posted by management to record the transactions of the IJB, which are hosted on the Glasgow City Council financial ledger. All of the journals for the IJB's transactions were posted at the year end and we reviewed all transactions in the course of our work.

| Judgements and estimates

Management identified one significant estimate within the financial statements, relating to hosted services where, for example, Glasgow IJB provides services for other IJBs. The current arrangements do not align with the expectations within the Integration Scheme.

| Recommendation 1: The Board does not have formally agreed arrangements in place to address operational responsibilities for hosted services.

We reviewed supporting documentation on the basis for the assessment of consumption of hosted services, agreed hosting arrangements for each service back to the integration scheme and reperformed calculations as appropriate. As a result of this work, we identified two audit adjustments at Appendix F.

We confirmed the process for ensuring that there were no claims applicable to the IJB that required provision to be made in relation to the CNORIS (Clinical Negligence & Other Risks Indemnity Scheme).

| Accounting policies

We considered the consistency and application of accounting policies, and the overall presentation of financial information. We consider the accounting policies adopted by the IJB to be appropriate and there were no significant accounting practices which materially depart from the Code.

Our conclusions

- ▶ Our testing has not identified any material misstatements relating to revenue and expenditure recognition.
- ▶ We have not identified any material weaknesses in the design and implementation of controls around journal processing. We did not identify any instances of evidence of management override of controls.
- ▶ There was no disagreement during the course of the audit over any accounting treatment or disclosure and we encountered no significant difficulties in the audit.

Going concern

Audit requirements

International Auditing Standard 570 Going Concern, as applied by Practice Note 10: Audit of financial statements of public sector bodies in the United Kingdom, requires auditors to undertake sufficient and appropriate audit procedures to consider whether there is a material uncertainty on going concern that requires reporting by management within the financial statements, and within the auditor's report.

Under ISA (UK) 570, we are required to undertake challenge of management's assessment of going concern, including testing of the adequacy of the supporting evidence we obtained. In light of the unprecedented nature of the ongoing impact of Covid-19, the cost of living crisis and inflationary pressures, we place increased focus on management's assertion regarding the going concern basis of preparation in the financial statements, and particularly the need to report on the impact of financial pressures on the Board and its financial sustainability.

Management's going concern assessment and associated disclosures cover the 12 month period following approval of the financial statements, to September 2024.

After completing its going concern assessment in line with the information and

support provided through earlier discussions in the audit process, the IJB has concluded that there are no material uncertainties around its going concern status. We have outlined our consideration of the Board's financial position going forward in the financial sustainability section of this report. We considered this in conjunction with management's assessment on going concern, focusing on:

- The completeness of factors considered in management's going concern assessment.
- The completeness of disclosures in the financial statements in relation to going concern and future financial pressures and how savings challenges in the short and medium term will be addressed.

The Scottish Government introduced a National Care Service (Scotland) Bill to Parliament on 20 June 2022. Under these Reports, the functions of the IJB would transfer to become the responsibility of a National Care Service by 2026. Due to the anticipated continuation of service provision, we were satisfied that the going concern basis of accounting will continue to be appropriate for the Board.

Our conclusions

- We reviewed and challenged the going concern assessment provided by management. We verified the assessment to supporting information, including key reports to the IJB and financial plans. We concur with management's assessment that there are no material uncertainties in relation to the going concern of the IJB.

ISA (UK) 315: Identifying and assessing the risks of material misstatement

Audit requirements

As set out within our Annual Audit Plan, there has been a significant change to the auditing standard, ISA (UK) 315 and this impacted our 2022/23 audit approach and the procedures we needed to perform.

The standard drives our approach to:

- ▶ Risk assessment.
- ▶ Understanding the Board's internal control arrangements.
- ▶ The identification of significant risks.
- ▶ How we address significant risks.

Key changes to our audit approach as a result of the implementation of ISA 315 were:

- ▶ A significant increase in audit work on the IJB's use of IT in the systems of internal control across partner organisations.
- ▶ Increased importance of our understanding of the entity and environment, the applicable financial reporting framework, and system of internal control.

- ▶ A greater focus on professional scepticism including ensuring that audit approaches do not show bias to look for corroborative evidence or excluding contradictory evidence.
- ▶ We made enhanced inquiries of management and others within the IJB who deal with fraud allegations, to determine whether they have knowledge of any actual, suspected or alleged fraud, including cases of fraud raised by employees or other parties.
- ▶ We held discussions with key members of the IJB including in respect of the risks of fraud and considered the implications for the audit.

Our conclusions

- ▶ We identified 9 relevant IT systems and applications which contribute to the production of the Board's financial statements, with the majority of these systems and applications being hosted by the IJB's partners in Glasgow City Council and NHS Greater Glasgow and Clyde.
- ▶ Our work did not identify any significant weaknesses in the Board's systems of internal control. We did however note that ICT issues at Glasgow City Council have been highlighted by the Chief Internal Auditor within the Annual Governance Statement. The impact on the IJB was limited, as a result of manual processes, to the ability to produce the March 2023 budget monitoring report.

4. Best Value and Wider Scope Audit

Introduction

In June 2021, Audit Scotland and the Accounts Commission published a revised Code of Audit Practice. This establishes the expectations for public sector auditors in Scotland for the term of the current appointment.

Risk assessment and approach

The Code sets out the four dimensions that comprise the wider scope audit for public sector in Scotland:

- ▶ Financial management.
- ▶ Financial sustainability.
- ▶ Vision, Leadership and Governance.
- ▶ The use of resources to improve outcomes.

We apply our professional judgement to risk assess and focus our work on each of the wider scope areas. In doing so, we draw upon conclusions expressed by other bodies including the IJB's internal auditors and the Care Inspectorate, along with national reports and guidance from regulators and Audit Scotland.

For each of the dimensions, we have applied a RAG rating, which represents our assessment on the adequacy of the IJB's arrangements throughout the year, as well as the overall pace of improvement and future risk associated with each dimension.

Best Value

The Code explains the arrangements for the audit of Best Value in Integration Joint Boards. The changes to IJBs anticipated from the Scottish Parliament's National Care Service Reports mean that the Accounts Commission will no longer require the Controller of Audit to report to the Commission on each IJB's performance on its Best Value duty.

As a result, the findings from our wider scope work have informed our assessment on Best Value themes in 2022/23.

Exhibit 4: Our RAG ratings

	Red	Our auditor judgements are RAG rated based on our assessment of the adequacy of the IJB's arrangements throughout the year, as well as the overall pace of improvement and future risk associated with each area.
	Amber	
	Green	This takes account of both external risks not within the IJB's control and internal risks which can be managed by the Board, as well as control and process observations made through our audit work.

Financial Management

Our overall assessment: Green

The IJB recorded a net overspend in 2022/23 of £5.1 million. The largest change in forecast during the year was as a result of the local government pay settlement being required to be met by the IJB. The Board also continue to be impacted by cost pressures within homelessness and prescribing that are difficult to control. The IJB's approach has been to meet overspends from general reserves but this is unsustainable in the short to medium term.

The Board's financial monitoring reporting was impacted in March 2023 by an outage in Glasgow City Council's financial ledger.

Financial Outturn

The IJB's financial outturn in 2022/23 records a net overspend in operational service delivery of £5.1 million. This reflects significant and sustained financial pressures totalling £28 million, investments in winter payments of £2.3 million and infrastructure costs of £1.5 million, offset by additional income (£6.3 million) and underspends of £18.7 million. Key pressures in 2022/23 included:

- ▶ the pay settlement for social care staff (£9.9 million), for which Scottish Government advised that additional funding would be made available, but subsequently had to be met by the IJB after there was no corresponding increase in partner funding. This represents a recurring pay pressure.
- ▶ A substantial increase in the cost and volume of prescriptions (£6.5 million). Prices increased by 10.2% in 2022/23, reflecting the volatile global market and is difficult for the IJB to predict or manage; and
- ▶ Significant increases in homelessness presentations, where there is insufficient supply of local accommodation. The overspend in 2022/23 was £3.7 million.

During the year, the IJB continued to experience additional costs relating to the ongoing impact of the pandemic. The IJB drew down funding of £16.9 million to meet the costs in 2022/23. While the IJB has an exit strategy in place, we note that this is the last year that funding will be

available and any future costs will remain a cost pressure for the IJB.

The financial pressures experienced in the year were offset by a number of key factors. The most significant related to underspends (£16 million) as a result of unfilled vacancies. The workforce remains under pressure as a result of high sickness levels and difficulties in recruiting to roles.

Additional income was received that exceeded the 2022/23 budget, including from financially assessed client contributions and funding from the Home Office in relation to unaccompanied asylum seeking children.

Impact of net overspend

Under the IJB's Integration Scheme, the Chief Officer is required to enact a recovery plan to balance any overspends within the budget. Where it is not possible to avoid an overspend there is provision within the scheme for the IJB's partner bodies to consider making additional fundings available.

The IJB has not sought additional funding from partners to meet the overspend in 2022/23. The IJB drew upon General Reserve balances to meet the full impact of the overspend. We note that the budget for 2023/24, approved in March 2023, anticipates that there will be a further draw on General Reserves of £17.17 million as a result of the prescribing and homelessness financial pressures. These costs are therefore unsustainable in the medium term.

Budget monitoring was impacted by unexpected additional pay award costs

The IJB received regular budget monitoring reports throughout the financial year. However, the March 2023 report was significantly impacted by a significant outage of the financial ledger system at Glasgow City Council. As a result, management were unable to access the financial reporting information required to support the preparation of financial reporting to the IJB.

Exhibit 4 highlights that for the majority of the financial year, the IJB anticipated that service expenditure would be underspent against budget. The IJB’s budget assumptions in 2022/23 reflected advice from the Scottish Government that the local government pay award would be in line with the uplift received from the Scottish Government, or that any additional award would be matched by funding. The January 2023 reporting, which changed a forecast underspend to a projected overspend, reflected the confirmation that irrespective of additional funding made available by the Scottish Government, no

additional funding would be available for local government social care by the partner to match the pay award.

We note that the investment decisions made by the IJB earlier in the financial year were based on a forecasted underspend. This includes £400 winter payments to families with vulnerable children (£2.3 million).

The IJB was unable to deliver the full saving requirement in 2022/23

In 2022/23, the IJB identified planned savings to be delivered of £6.1 million. In addition, the IJB hoped to close a £2.9 million gap of unachieved savings that were identified but not delivered in prior years.

Reporting to the Board noted that over 97% of the 2022/23 savings were delivered, but overall, £0.5 million of the savings requirement from previous years were not delivered. Undelivered savings will continue to represent an added financial pressure for the IJB to be achieved in future years.

Exhibit 4: Budget monitoring to the Board during the financial year

| Internal control arrangements were impacted by an IT outage at Glasgow City Council

Within the IJB's Annual Governance Statement, the Board has concluded that they have obtained assurance that the system of internal control was operating effectively during the year.

Through our audit of the financial statements, we consider the design and implementation of key controls related to areas of significant risk to the financial statements. This work has included documenting the key internal financial controls and performing walkthroughs to ensure controls are implemented as designed.

We undertook an assessment of the financial control environment as part of our planning work, and updated our understanding as part of the year end audit. Following the revisions to the ISA (UK) 315, our audit methodology included a greater focus on the use of IT in the system of internal control. For the IJB, this required us to assess the systems across partner organisations.

Our work did not identify any significant weaknesses in the systems of internal control relevant to the preparation of the IJB's financial statements. We did, however, note weaknesses in ICT controls identified by the Chief Internal Auditor at Glasgow City Council. As a result, we worked with management to disclose the nature and impact of a specific financial ledger outage weakness within the IJB's Annual Governance Statement.

For the IJB, the impact of the IT outage primarily related to the production of management accounts. There was limited impact on payments due to the manual processes put in place by Glasgow City Council.

| Capacity and capability of the finance team

As this is the first year of our annual audit work, we considered the strength and depth of the finance team, including the arrangements in place to monitor and report on budgets to the Board.

The IJB has an experienced finance team and we noted that additional members of staff were involved in the preparation and audit of the financial statements to increase capacity in future years. As a result, we were content that there are sufficient skills and capacity within the team, but we will continue to monitor the arrangements throughout our appointment.

Financial Sustainability

Our overall assessment: Red

In line with the IJB's financial planning expectations, the Board's reserve balances fell significantly in 2022/23. The IJB holds general reserves as a contingency against unforeseen costs or pressures. While the IJB has identified significant savings of £21.6 million to be delivered in 2023/24, the General Reserve is forecast to fall to £9.7 million, or 0.6% of net expenditure, against the Board's target of 2%. There is a risk that the financial pressures may exhaust the IJB's General Reserves in the short term. Our assessment reflects the ongoing challenges facing the IJB and its partners and considers the level of risk and uncertainty outside the IJB's control which could impact the ability to deliver financial balance.

The context for financial sustainability within the IJB sector

Scotland's public services are facing unprecedented challenges. In May 2023, the Scottish Fiscal Commission published their report on Scotland's Economic and Fiscal Forecasts which showed that forecast spending could exceed funding by 2% (£1 billion) in 2024/25, rising to 4% (£1.9 billion).

The Accounts Commission publishes an annual report on the financial performance of IJBs. Integration Joint Boards: Financial Analysis 2021/22 (April 2023). The report highlights the significant pressures impacting the sector including:

- ▶ The rising demand associated with an ageing population with increasingly complex health and social care needs.
- ▶ A workforce under extreme pressure facing continuing recruitment and retention challenges, including staff turnover rates of around 30%.
- ▶ Weakening financial position, with almost half of IJBs holding contingency reserves of less than one per cent of the net cost of services.
- ▶ A funding gap of £124 million in 2022/23 alone, with IJBs expected to draw upon reserves to fund around 14% of the gap.

There has been a significant change in IJBs reserves positions across the sector as the Scottish Government recovered unspent Covid-19 funding in 2022/23

Across the sector, IJB reserves doubled in 2021/22 to £1.262 billion, largely due to Covid-19 funding received in February 2022. As a result, IJBs across Scotland held Covid-19 related reserves of £502 million, including £65.6 million held by Glasgow City IJB.

In January 2023, the Scottish Government wrote to IJBs to seek recovery of unspent Covid-19 balances. Funding for the response to the pandemic is therefore expected to end in 2022/23. The Scottish Government indicated that they planned to recover £321 million (64 per cent) of Covid-19 related funding held by IJBs at the end of 2021/22.

Glasgow City IJB drew down Covid-19 funding of £16 million to respond to continuing pandemic cost pressures in 2022/23. As a result, the IJB returned £48.7 million of the remaining unspent Covid-19 funding balance to the Scottish Government.

Overall, Glasgow City IJB reserve balances fell by 53% in 2022/23

As Exhibit 5 highlights, in 2021/22, Glasgow City IJB recorded £175.4 million overall in reserve balances, including £65.6 million in Covid-19 reserves.

Each year the IJB plans to meet expenditure from earmarked reserves where, for example, funding for specific purposes has not yet been used. During 2022/23, the IJB drew down a further £52.1 million of balances held in these reserves. As a result of new earmarked reserves totalling £12.9 million, the IJB's reserves reduced overall by £93 million in 2022/23.

We note that the IJB plan to drawdown a further £37.8 million in 2023/24.

The IJB's General Reserve balance has fallen below target.

The IJB has set a target for its uncommitted General Reserve of 2% of net expenditure. At 31 March 2022, the IJB's uncommitted reserve was £28.6 million, representing around 1.95% of expenditure.

During 2022/23, management reviewed the earmarked reserves to identify any balances that could be released to bolster the general reserve. As a result, £3.45 million of previously earmarked reserves were transferred to offset the impact of the £5.1 million service overspend.

The fall in the IJB's General Reserves in 2022/23 was therefore limited to £1.7 million. The General Reserves balance as at 31 March 2023 is £26.9 million, representing 1.69% of net expenditure, and therefore a further fall against the target level.

Exhibit 5: Reserves balances fell by £93 million (53%) during 2022/23

The IJB has updated its financial outlook for the period to 2025/26

The IJB considered an update to the medium term financial outlook in March 2023, alongside the 2023/24 annual budget. The outlook summarises the likely impact of a range of cost pressures, including:

- ▶ The impact of inflation on pay including the subsequent funding requirements for pay awards for social care staff, along with and other costs;
- ▶ Demographic pressures, including deprivation factors; and
- ▶ Regulatory or legislative commitments.

While neither partner has produced detailed budgets beyond 2023/24, management use scenario modelling to outline the likely impact of future inflation, demand and regulatory commitments. The additional cost pressures across the period range from £98 million to £200 million, but the IJB makes projections based on the medium scenario and estimates that it will face cost and demand pressures totalling £130 million over the next three years.

Taking projected funding uplifts into account, the IJB estimates that the shortfall in funding to 2026 will be £86 million. Around £42 million (48%) of the funding shortfall will impact the IJB in 2023/24.

The Board’s Financial Strategy sets out three components to deliver transformational change:

- ▶ Service Prioritisation and Reduction;
- ▶ Efficiency and Income Maximisation; and
- ▶ Service Reform and Innovation.

While the Board has identified savings proposals of £21.6 million, the scale of the challenge means that it has not been possible to fully bridge the funding gap with savings alone.

The 2023/24 budget anticipates the use of £17.2 million of General Reserves to meet the budget strategy. This would result in an estimated closing balance of £9.7 million, or 0.6% of net expenditure, impacting the ability to manage overspends in future years. We note that key areas of risk remain in 2023/24, including the requirement to meet an additional £3m from existing budgets.

Recommendation 2: There is a risk that under the current budget strategy, the IJB’s General Reserves will be exhausted in the short term. There is therefore a need to work with partners to develop a sustainable funding position.

Vision, Leadership and Governance

Our overall assessment: Green

Governance arrangements worked well throughout 2022/23 and the IJB prioritised consultation with key stakeholders to support the development and approval of an updated Strategic Plan.

The IJB highlighted the operational impact of an ICT issue at Glasgow City Council within its governance statement and work to update the Integration Scheme remains ongoing. There were no other weaknesses in governance or internal control that were required to be reported within the Annual Governance Statement.

The IJB has recently approved an updated Strategic Plan for 2023-26

Throughout 2022/23, the IJB worked on the development of an updated Strategic Plan. This included a programme of engagement with service users, staff and key partners.

The plan acknowledges the significant financial pressures facing the Board, and the difficult decisions that are required to deliver balanced budgets. The Plan identified six Partnership Priorities to guide future decision making:

1. Prevention, early intervention and well-being
2. Supporting greater self-determination and informed choice
3. Supporting people in their communities
4. Strengthening communities to reduce harm
5. A healthy, valued and supported workforce; and
6. Building a sustainable future.

Governance arrangements are in place to support engagement with key stakeholders

The IJB has strong arrangements to support engagement with key stakeholders, outlined in the Participation and Engagement Strategy, and this is monitored and reported to the Public Engagement Committee.

Consultation on the Strategic Plan, including the future vision was undertaken with its health service and local authority partners through existing community planning networks.

The Annual Governance Statement demonstrates that it has the key requirements for good governance in place

The key aspects of the IJB's governance arrangements are required to be disclosed in the Annual Governance Statement within the financial statements. We reviewed the governance statement against the requirements outlined in the CIPFA framework for *Delivering Good Governance in Local Government*, and against our understanding of the Board's arrangements in the period to 31 March 2023.

We were satisfied that it was consistent with both the governance framework, key findings from relevant audit activity and management's assessment of its own compliance with the CIPFA framework.

Like all other public bodies in Scotland, the IJB moved to revised governance arrangements at the beginning of the UK lockdown period. Committee meetings have continued to operate in a hybrid structure through 2022/23. We were satisfied that there was an appropriate level of challenge and scrutiny at meetings throughout the year.

| The IJB's Chief Internal Auditor identified no unsatisfactory or limited assurance opinions during 2022/23

The IJB's Chief Internal Auditor presented his annual report to the Finance, Audit and Scrutiny Committee in June 2023. He noted that the audit plan was completed as expected and that in 2022/23 there were no unsatisfactory audit opinions issued.

The IJB has, however, disclosed one issue highlighted by the Chief Internal Auditor within his annual report within the Annual Governance Statement. The Statement describes the nature of a failed update to Glasgow City Council's financial ledger system insofar as it impacted the work of the Board. During the outage, all Social Work Services staff and direct payments were paid, but in many cases manual processes were required.

The primary impact for the IJB was in relation to the level of financial reporting that was possible during the period affected, and therefore the budget monitoring report in March 2023.

The IJB has also disclosed the ongoing work to develop a revised Integration Scheme.

As at 31 March 2023, the IJB had four outstanding internal audit recommendations, all of which were assessed as medium risk. The status, and updated target completion dates were reported to the Finance, Audit and Scrutiny Committee (FASC) in April 2023, along with the rationale for any delays.

| The Finance, Audit and Scrutiny Committee considered its arrangements against updated CIPFA guidance

In October 2022, CIPFA updated its guidance on good practice for local authority audit committees. At Glasgow City IJB, the role of the audit committee is fulfilled by the Finance, Audit and Scrutiny Committee. The Committee considered a self-assessment of its own arrangements against the CIPFA guidance in June 2023.

The self-assessment noted that overall, the committee meets the requirements of the guidance but identified a small number of areas of future work to ensure that the guidance is implemented as far as is practicable. This includes:

- ▶ The consideration of the committee's workplan on an annual basis;
- ▶ The development of a training programme for members; and
- ▶ Further development of the committee's annual report on its activities to the Board.

CIPFA recommends that audit committees should be independent of the Board's scrutiny function. Due to the relative size of the IJB, the Board has elected to merge the audit and scrutiny functions within the FASC. Following discussion, the committee members agreed that the current arrangements operate well and should therefore continue in their current form. The committee did, however, identify a small improvement to structure future agendas around audit and scrutiny items.

Use of resources

Our overall assessment: Green

The IJB has a well-developed approach in place to monitor and report on key areas of performance, and was able to demonstrate key areas of improvement in 2022/23 despite the ongoing impact of the pandemic and significant financial challenges.

The IJB has, however, highlighted that the financial position places significant risk on the future delivery of services at the same levels.

The IJB regularly reports on its performance

A comprehensive Performance Framework is in place both operationally within the HSCP, and for scrutiny by the Finance, Audit and Scrutiny Committee (FASC) and the IJB. The Board has agreed a range of Key Performance Indicators (KPIs) to report on progress against the aims of the Strategic Plan.

Quarterly Performance Reports are produced for both internal scrutiny within locality management teams, and for wider scrutiny at the FASC. The reports include performance outcomes in relation to Health and Social Work KPIs and provide information on how services are responding to areas of under-performance.

We also note that the FASC consider presentations from individual service areas at each of their meetings to allow a deeper understanding of the performance and challenges. Areas of scrutiny in 2022/23 included:

- ▶ Children's Services
- ▶ Primary care and Health Improvement services
- ▶ Adult Services
- ▶ Older People, Carers and Unscheduled Care; and
- ▶ Workforce management including managing sickness absence.

The committee also considered an update on the challenges related to prescribing.

The Annual Performance Report highlights key achievements and challenges across each Strategic Priority area

The IJB published its Annual Performance Report in July 2023, in line with statutory requirements. The report is structured within the Strategic Priorities from the previous Strategic Plan.

The IJB report on performance against target, but also highlight the direction of travel for each indicator, and plans for improvement where performance is lower than expected.

Areas where performance has shown the greatest improvement in 2022/23 include:

- ▶ The access to Child and Adolescent Mental Health Services (CAMHS), where the percentage seen within 18 weeks improved from 59.4% to 74.5% (although continues to fall significantly short of the target);
- ▶ An over 6% reduction in the number of emergency admissions;
- ▶ Reductions in the number of unscheduled hospital bed days;
- ▶ The percentage of service users who receive reablement service (79.6%, an improvement of over 7%); and
- ▶ The number of telecare enhanced referrals.

| The IJB continued to experience challenge in the delivery of some services

Exhibit 7 highlights that the IJB delivered most of the targets that it set for 2022/23. Areas of continuing challenge include:

The total number of Acute Delays and Bed Days lost to delays which continue to exceed target. This has been impacted by the closure of hospital wards and care homes due to covid or other infection outbreaks, alongside significant staffing pressures;

- ▶ The number of unscheduled hospital bed days: over 40,000 days above target (impacted by acute delayed discharges);
- ▶ Adult mental health delays (24 against a target of zero), have been impacted by staff absence and vacancies, alongside increased complexity and admission rates; and
- ▶ Access to psychological therapies within 18 weeks of referral, where the north east (58%) and south (79.2%) localities failed to meet the target of 90%.

| The IJB has highlighted significant and ongoing financial risks within its risk registers

The FASC receives a quarterly update on risk management, encompassing both strategic risks, and the key operational risks being managed by the Health and Social Care Partnership.

Four risks are scored as “very high” of which three are related to the Board’s financial position:

Achievement of the level of savings required to be delivered;

The impact of the budget and spending review on future expenditure; and

The local government pay award, where the risk score increased as the 2022/23 award was not matched by funding from Glasgow City Council.

The Board has also highlighted that changes to the funding of the Primary Care Improvement Plan (PCIP) means that the Memorandum of Understanding 2 (MoU2) is unlikely to be fully delivered.

Exhibit 7: The IJB achieved over 70% of its targets in 2022/23

Definition within the Annual Performance Report

	Missed target by 5% or more (n = 11)
	Within 2.5% to 4.99% of target (n = 2)
	Within 2.49% of target (n = 31)

| Plans to develop a National Care Service have been delayed

On 17 April 2023, the Scottish Government formally requested and agreed an extension to the Stage 1 deadline for the creation of a National Care Service beyond June 2023. The Scottish Government committed to focusing on continued engagement and co-design activities.

The Finance and Public Administration Committee requested a new timetable for completion of Stage 1 and a revised Financial Memorandum. It is expected that the revised Financial Memorandum will include a detailed breakdown on spend to date on the National Care Service including costs arising from the provisions of Bill and those of the wider programme.

In May 2023, the Scottish Government announced that a range of regional co-design events would take place between June and August 2023 and supplemented with additional local engagement activity to progress the development. However, Stage 1 of the Bill was further extended to 31 January 2024 through a motion agreed by Parliament in June 2023.

It is not clear at this stage if the expected operational start date of 2026 will be impacted.

| Best Value

In our view, the IJB's performance management and financial reporting arrangements allow the Board to demonstrate the achievement of Best Value. There is, however, a risk that the future delivery and improvement of services may be undermined by partner funding not keeping pace with ongoing cost pressures.

| Basis for our assessment

As auditor to the IJB, we are required to comment on how effectively, in our view, the IJB demonstrates that it meets its Best Value responsibilities.

As we noted in our Annual Audit Plan, the conclusions that we reach on the wider scope areas contribute to this consideration. We expect to develop our understanding of how the IJB meets its Best Value responsibilities over the course of our appointment.

Our assessment in 2022/23 therefore reflects the work conducted to support our wider scope responsibilities, and specifically:

- ▶ Documentation review and fieldwork interviews with senior officers;
- ▶ Our consideration of the IJB's financial planning processes including the most recent Medium Term Financial Outlook;
- ▶ Governance arrangements, including monitoring reports on the use of resources and scrutiny arrangements;
- ▶ Our assessment of performance reporting to the Board; and
- ▶ The IJB's work to update and approve its revised Strategic Plan and the Workforce Plan.

| The IJB can demonstrate that it has the key elements needed to deliver Best Value in place

The IJB has reviewed and updated its Strategic Plan by drawing upon its arrangements for public engagement and targeted consultation with key stakeholders.

It has a well-developed Performance Framework in place and we noted evidence of effective scrutiny arrangements throughout the year.

We do, however, note that the IJB's financial position is increasingly challenging. The Board relies on the financial support of its partners but there are not yet sustainable plans in place to respond to key cost pressures. While recognise that the IJB is on track to deliver significant savings in 2023/24, and has a recovery plan in place to address homelessness, there remain risks that demand pressures will exhaust the Board's general reserve balance. As a result, in our view, there is a risk that the future delivery and improvement of services may be undermined by partner funding not keeping pace with ongoing cost pressures.

Additional audit information

Audited body responsibilities

Audited bodies have the primary responsibility for ensuring the proper financial stewardship of public funds, compliance with relevant legislation and establishing effective arrangements for governance, propriety and regularity that enable them to successfully deliver their objectives. The features of proper financial stewardship include the following:

Corporate governance

Each body, through its chief executive or accountable officer, is responsible for establishing arrangements to ensure the proper conduct of its affairs including the legality of activities and transactions, and for monitoring the adequacy and effectiveness of these arrangements. Audited bodies should involve those charged with governance (including audit committees or equivalent) in monitoring these arrangements.

Financial statements and related reports

Audited bodies must prepare annual accounts comprising financial statements and other related reports. They have responsibility for:

- ▶ Preparing financial statements which give a true and fair view of their financial position and their expenditure and income, in accordance with the applicable financial reporting framework and relevant legislation.
- ▶ Maintaining accounting records and working papers that have been prepared to an acceptable professional standard and that support their accounts and related reports disclosures.
- ▶ Ensuring the regularity of transactions, by putting in place systems of internal control to ensure that they are in accordance with the appropriate authority.

- ▶ Preparing and publishing, along with their financial statements, related reports such as an annual governance statement, management commentary (or equivalent) and a remuneration report in accordance with prescribed requirements.
- ▶ Ensuring that the management commentary (or equivalent) is fair, balanced and understandable.

It is the responsibility of management of an audited body, with the oversight of those charged with governance, to communicate relevant information to users about the entity and its financial performance, including providing adequate disclosures in accordance with the applicable financial reporting framework. The relevant information should be communicated clearly and concisely.

Audited bodies are responsible for developing and implementing effective systems of internal control as well as financial, operational and compliance controls. These systems should support the achievement of their objectives and safeguard and secure value for money from the public funds at their disposal. They are also responsible for establishing effective and appropriate internal audit and risk-management functions.

Standards of conduct for prevention and detection of fraud and error

Audited bodies are responsible for establishing arrangements for the prevention and detection of fraud, error and irregularities, bribery and corruption and to ensure that their affairs are managed in accordance with proper standards of conduct by putting proper arrangements in place.

A

Code of audit practice: Responsibilities (cont.)

Maintaining a sound financial position

Audited bodies are responsible for putting in place proper arrangements to ensure that their financial position is soundly based having regard to:

- ▶ Such financial monitoring and reporting arrangements as may be specified.
- ▶ Compliance with any statutory financial requirements and achievement of financial targets.
- ▶ Balances and reserves, including strategies about levels and their future use.
- ▶ How they Report to deal with uncertainty in the medium and longer term.
- ▶ The impact of reporting future policies and foreseeable developments on their financial position.

Responsibilities for best value, community reporting and performance

Local government bodies have a duty to make arrangements to secure best value. best value is defined as continuous improvement in the performance of the body's functions. In securing best value, the local government body is required to maintain an appropriate balance among:

- ▶ The quality of its performance of its functions.
- ▶ The cost to the body of that performance.
- ▶ The cost to persons of any service provided by it for them on a wholly or partly rechargeable basis.

In maintaining that balance, the local government body shall have regard to:

- ▶ Efficiency.
- ▶ Effectiveness.
- ▶ Economy.
- ▶ The need to meet the equal opportunity requirements.

The local government body shall discharge its duties under this section in a way which contributes to the achievement of sustainable development.

In measuring the improvement of the performance of a local government body's functions for the purposes of this section, regard shall be had to the extent to which the outcomes of that performance have improved.

The Scottish Government's Statutory Guidance on best value (2020) requires bodies to demonstrate that they are delivering best value in respect of seven themes:

1. Vision and leadership
2. Governance and accountability
3. Effective use of resources
4. Partnerships and collaborative working
5. Working with communities
6. Sustainability
7. Fairness and equality

The Community Empowerment (Scotland) Act 2015 is designed to help empower community bodies through the ownership or control of land and buildings, and by strengthening their voices in decisions about public services.

Specified audited bodies are required to prepare and publish performance information in accordance with Directions issued by the Accounts Commission.

Internal audit

Public sector bodies are required to establish an internal audit function as a support to management in maintaining effective systems of control and performance. With the exception of less complex public bodies the internal audit programme of work is expected to comply with the Public Sector Internal Audit Standards.

Internal audit and external audit have differing roles and responsibilities. External auditors may seek to rely on the work of internal audit as appropriate.

Appointed auditors' responsibilities

Appointed auditors' statutory duties for local government bodies are contained within Part VII of the Local Government (Scotland) Act 1973, as amended.

These are to:

- ▶ Audit the accounts and place a certificate (i.e., an independent auditor's report) on the accounts stating that the audit has been conducted in accordance with Part VII of the Act.
- ▶ Satisfy themselves, by examination of the accounts and otherwise, that:
 - ▶ The accounts have been prepared in accordance with all applicable statutory requirements.
 - ▶ Proper accounting practices have been observed in the preparation of the accounts.
- ▶ The body has made proper arrangements for securing best value and is complying with its community reporting duties.
- ▶ Hear any objection to the financial statements lodged by an interested person.

Appointed auditors should also be familiar with the statutory reporting responsibilities in section 102 of the Local Government (Scotland) Act 1973, including those relating to the audit of the accounts of a local government body.

B Independence report

Introduction

The FRC Ethical Standard and ISA (UK) 260 'Communication of audit matters with those charged with governance', requires us to communicate with you on a timely basis on all significant facts and matters that bear upon our integrity, objectivity and independence. The Ethical Standard, as revised in December 2019, requires that we communicate formally both at the reporting stage and at the conclusion of the audit, as well as during the course of the audit if appropriate. The aim is to ensure full and fair disclosure by us to those charged with your governance on matters in which you have an interest.

During the course of the audit, we are required to communicate with you whenever any significant judgements are made about threats to objectivity and independence and the appropriateness of safeguards put in place, for example, when accepting an engagement to provide non-audit services.

We ensure that the total amount of fees that EY charged to you for the provision of services during the period, analysed in appropriate categories, are disclosed.

Required Communications

Planning Stage

- ▶ The principal threats, if any, to objectivity and independence identified by EY including consideration of all relationships between you, your directors and us.
- ▶ The safeguards adopted and the reasons why they are considered to be effective, including any Engagement Quality review.
- ▶ The overall assessment of threats and safeguards.
- ▶ Information about the general policies and process within EY to maintain objectivity and independence.

Final Stage

- ▶ To allow you to assess the integrity, objectivity and independence of the firm and each covered person, we are required to provide a written disclosure of relationships (including the provision of non-audit services) that may bear on our integrity, objectivity and independence. This is required to have regard to relationships with the entity, its directors and senior management, and its connected parties and the threats to integrity or objectivity, including those that could compromise independence that these create. We are also required to disclose any safeguards that we have put in place and why they address such threats, together with any other information necessary to enable our objectivity and independence to be assessed.
- ▶ Details of non-audit/additional services provided and the fees charged in relation thereto.
- ▶ Written confirmation that the firm and each covered person is independent and, if applicable, that any non-EY firms used in the group audit or external experts used have confirmed their independence to us.
- ▶ Details of all breaches of the IESBA Code of Ethics, the FRC Ethical Standard and professional standards, and of any safeguards applied and actions taken by EY to address any threats to independence.
- ▶ Details of any inconsistencies between FRC Ethical Standard and your policy for the supply of non-audit services by EY and any apparent breach of that policy.
- ▶ An opportunity to discuss auditor independence issues.

We confirm that we have undertaken client and engagement continuance procedures, including our assessment of our independence to act as your external auditor. We have identified no relationships that impact the audit of Glasgow City Integration Joint Board.

Required communications

We have detailed below the communications that we must provide to the Board.

Our reporting to you

Required communications	What is reported?	When and where
Terms of engagement	Confirmation by the Finance, Audit and Scrutiny Committee of acceptance of terms of engagement as written in the engagement letter signed by both parties.	Audit Scotland Terms of Appointment letter (December 2022) - audit to be undertaken in accordance with the Code of Audit Practice.
Our responsibilities	Reminder of our responsibilities as set out in the engagement letter.	Annual Audit Plan - February 2023
Reporting and audit approach	Communication of the reporting scope and timing of the audit, any limitations and the significant risks identified. When communicating key audit matters this includes the most significant risks of material misstatement (whether or not due to fraud) including those that have the greatest effect on the overall audit strategy, the allocation of resources in the audit and directing the efforts of the engagement team.	Annual Audit Plan - February 2023
Significant findings from the audit	<ul style="list-style-type: none">▶ Our view about the significant qualitative aspects of accounting practices including accounting policies, accounting estimates and financial statement disclosures.▶ Significant difficulties, if any, encountered during the audit.▶ Significant matters, if any, arising from the audit that were discussed with management.▶ Written representations that we are seeking.▶ Expected modifications to the audit report.▶ Other matters if any, significant to the oversight of the financial reporting process.▶ Findings and issues regarding the opening balance on initial audits.	This Annual Audit Report.

C Required communications (cont.)

		Our reporting to you
Required communications	What is reported?	When and where
Going concern	<p>Events or conditions identified that may cast significant doubt on the entity's ability to continue as a going concern, including:</p> <ul style="list-style-type: none"> ▶ Whether the events or conditions constitute a material uncertainty ▶ Whether the use of the going concern assumption is appropriate in the preparation and presentation of the financial statements ▶ The adequacy of related disclosures in the financial statements 	This Annual Audit Report.
Misstatements	<ul style="list-style-type: none"> ▶ Uncorrected misstatements and their effect on our audit opinion, unless prohibited by law or regulation. ▶ The effect of uncorrected misstatements related to prior periods. ▶ A request that any uncorrected misstatement be corrected. ▶ Corrected misstatements that are significant. ▶ Material misstatements corrected by management. 	This Annual Audit Report.
Fraud	<ul style="list-style-type: none"> ▶ Enquiries of the audit committee to determine whether they have knowledge of any actual, suspected or alleged fraud affecting the entity. ▶ Any fraud that we have identified or information we have obtained that indicates that a fraud may exist. ▶ A discussion of any other matters related to fraud. 	This Annual Audit Report.
Internal controls	Significant deficiencies in internal controls identified during the audit.	This Annual Audit Report.

C

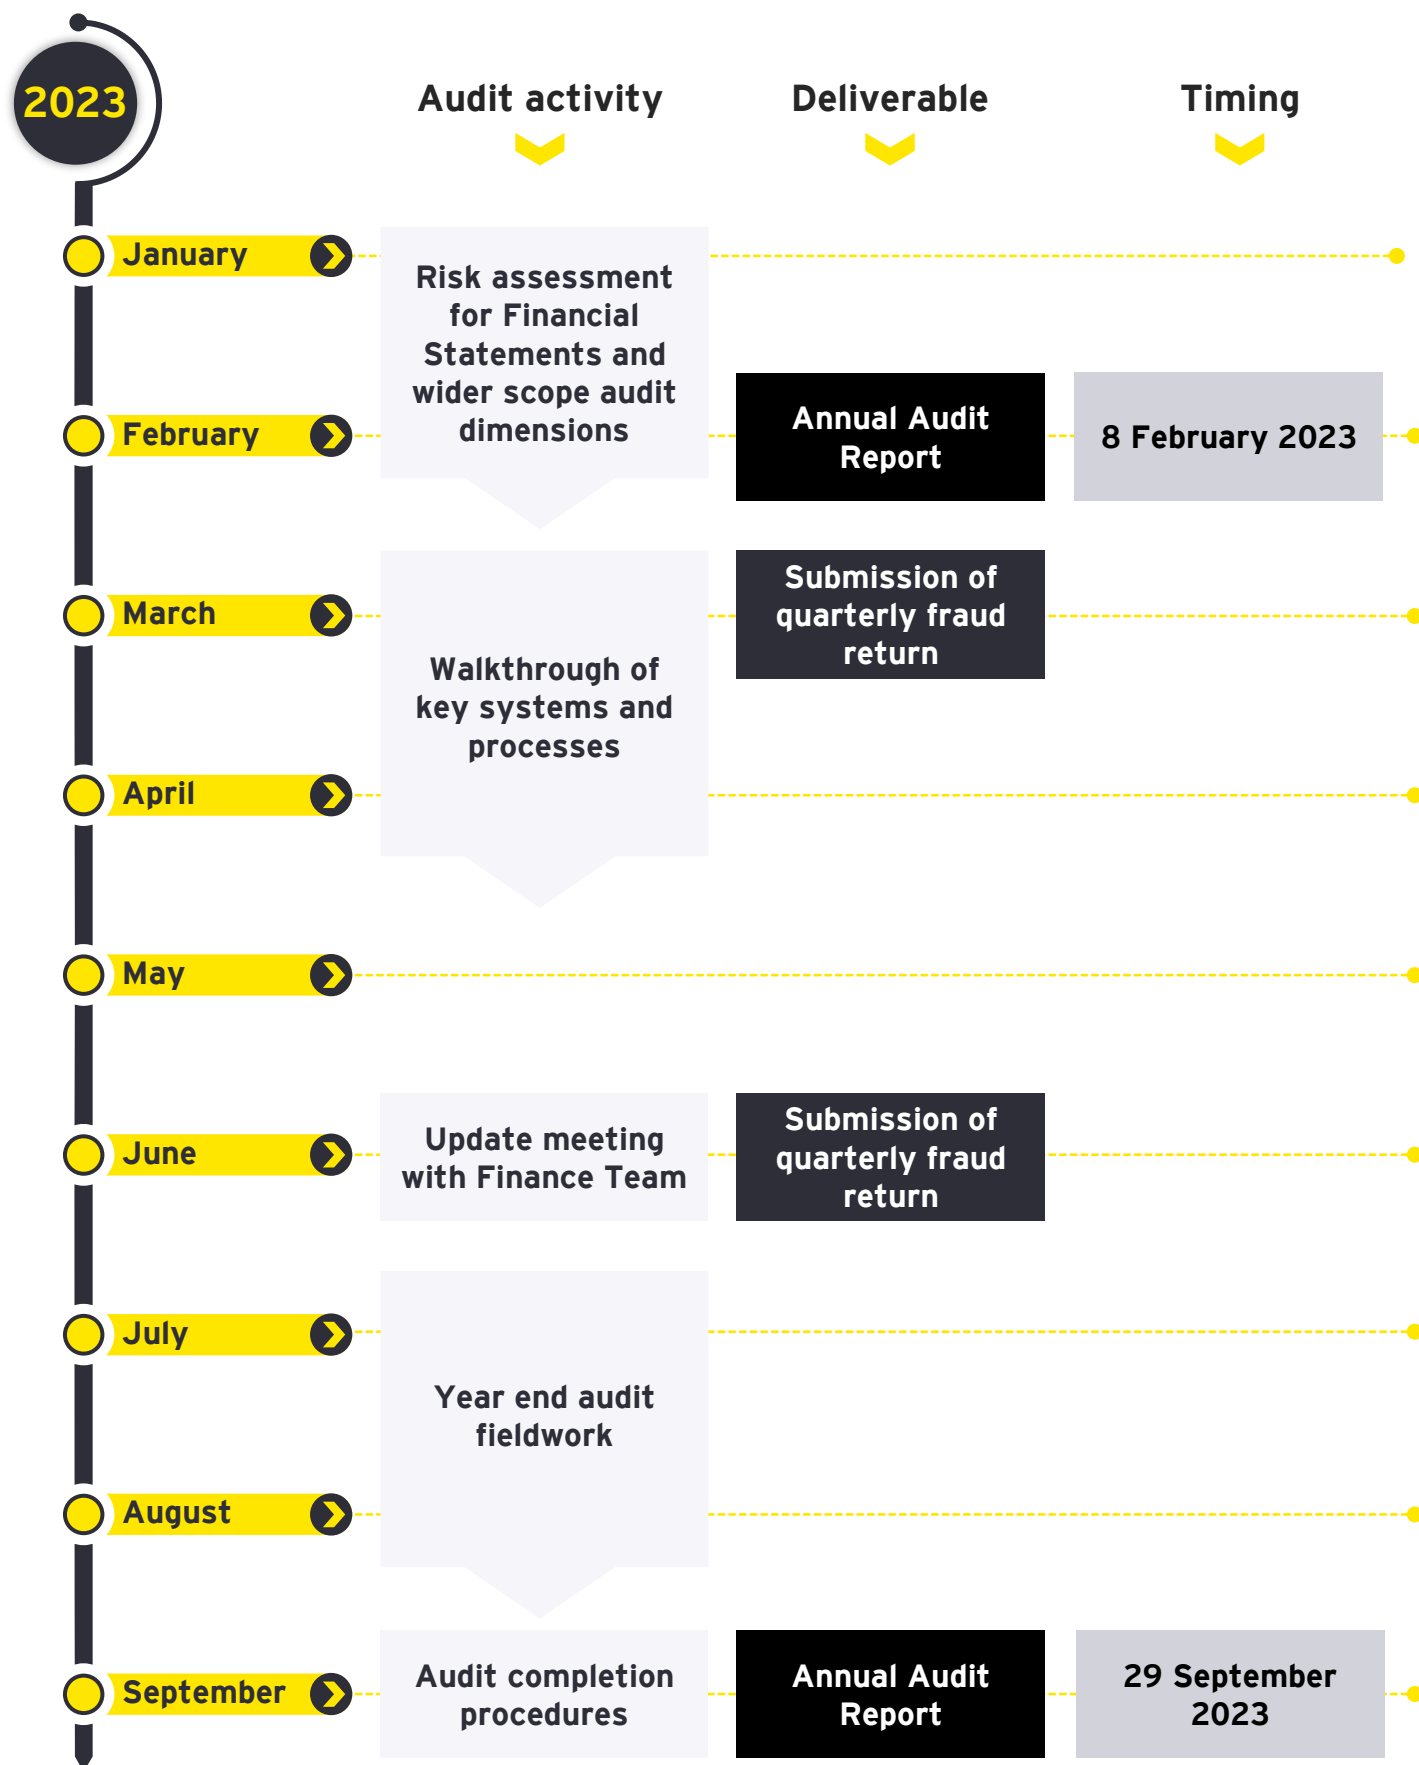

Required communications (cont.)

		Our reporting to you
Required communications	What is reported?	When and where
Related parties	<p>Significant matters arising during the audit in connection with the entity's related parties including, when applicable:</p> <ul style="list-style-type: none"> ▶ Non-disclosure by management ▶ Inappropriate authorisation and approval of transactions ▶ Disagreement over disclosures ▶ Non-compliance with laws and regulations ▶ Difficulty in identifying the party that ultimately controls the entity 	This Annual Audit Report.

C Required communications (cont.)

		Our reporting to you
Required communications	What is reported?	When and where
Consideration of laws and regulations	<ul style="list-style-type: none"> ▶ Audit findings regarding non-compliance where the non-compliance is material and believed to be intentional. This communication is subject to compliance with legislation on tipping off. ▶ Enquiry of the Finance, Audit and Scrutiny Committee into possible instances of non-compliance with laws and regulations that may have a material effect on the financial statements and that the Finance, Audit and Scrutiny Committee may be aware of. 	This Annual Audit Report.
Material inconsistencies and misstatements	Material inconsistencies or misstatements of fact identified in other information which management has refused to revise.	This Annual Audit Report.
Auditors report	Any circumstances identified that affect the form and content of our auditor's report.	This Annual Audit Report.
Best value and wider scope judgements and conclusions	Our reporting will include a clear narrative that explains what we found and the auditor's judgement in respect of the effectiveness and appropriateness of the arrangements that audited bodies have in place regarding the wider-scope audit.	This Annual Audit Report.
Key audit matters	The requirement for auditors to communicate key audit matters, which apply to listed companies and entities which have adopted the UK Corporate Governance Code in the private sector, applies to annual audit reports prepared under the Code.	This Annual Audit Report.

D Timeline of communication and deliverables

E Action Plan

We include an action plan to summarise specific recommendations included elsewhere within this Annual Audit Report. We grade these findings according to our consideration of their priority for the Board or management to action.

Classification of recommendations

Grade 1: Key risks and / or significant deficiencies which are critical to the achievement of strategic objectives. Consequently management needs to address and seek resolution urgently.

Grade 2: Risks or potential weaknesses which impact on individual objectives, or impact the operation of a single process, and so require prompt but not immediate action by management.

Grade 3: Less significant issues and / or areas for improvement which we consider merit attention but do not require to be prioritised by management.

No.	Findings and / or risk	Recommendation / grading	Management response / Implementation timeframe
1.	Hosted Services Glasgow IJB hosts a number of services on behalf of other IJBs within the NHS Greater Glasgow and Clyde area. We noted that in practice there are no arrangements in place to document and maintain review of operational responsibilities.	The IJB should ensure that operational arrangements are documented and maintained for hosted services- Grade 2	Response: Agreed. This work will be undertaken in conjunction with the other five IJB's across Greater Glasgow and Clyde. Responsible officer: Chief Finance Officer Implementation date: 31 March 2024

E Action Plan (contd)

Classification of recommendations

2.	<p>Medium Term Financial Plan</p> <p>The IJB has historically met any overspend by drawing on General Reserve balances. We note that under the level of current financial pressures, there is a risk that the IJB's General Reserves will be exhausted in the short term. There is therefore a need to work with partners to develop a sustainable funding position.</p>	<p>The IJB should work with partners to ensure that the medium term financial plan is realistic and sustainable. This should include an assessment about the appropriateness and achievability of savings and the risk sharing arrangements for key areas of overspend.</p> <p>Grade 1</p>	<p>Response:</p> <p>The IJB will continue to engage with Partner Bodies in relation to annual funding and medium term financial planning to ensure that the medium term financial plan is realistic and sustainable. The MTFP will be revised to reflect the recent announcement in relation to a reduction in employer contributions to Strathclyde Pension Fund. This will improve the IJB's position over the medium term.</p> <p>Routine budget monitoring will continue to monitor areas of overspend and deliverability of savings. Discussions with Partner Bodies will take place where relevant.</p> <p>Responsible officer: Chief Finance Officer</p> <p>Implementation date: Ongoing</p>

F Adjusted and unadjusted differences

This appendix sets out the adjustments that were processed as part of finalisation of the financial statements.

Adjusted differences

No.	Description	Income and Expenditure Impact / £000's	Balance Sheet Impact / £000's
1	NHS income that was returned	DR Income £3.8 million CR Expenditure (£3.8 million) No overall impact on the CIES	

Disclosure misstatements that have been corrected

No.	Note	Description
1	Note 10: Hosted Services	Amount consumed by other IJBs in Note 10 Hosted Services for Alcohol and Drug Partnership and specialist mental health services misstated equally by £300k.

Judgemental disclosure differences that do not require to be corrected

No.	Note	Description
1	Note 10: Hosted Services	Amount consumed by other IJBs in Note 10 Hosted Services for Podiatry is based on information that is obtained from NHSGGC but we were unable to obtain supporting data to confirm the underlying patient activity. We obtained data on referrals to allow us to estimate the calculation. This identified a potential judgemental disclosure difference based on currently available national data of up to £895k, with Glasgow City's share of the net expenditure increasing by this amount.

G Audit Fees

2022/23 Fees

The Board's audit fee is determined in line with Audit Scotland's fee setting arrangements. Audit Scotland will notify auditors about the expected fees each year following submission of Audit Scotland's budget to the Scottish Commission for Public Audit, normally in December. The remuneration rate used to calculate fees is increased annually based on Audit Scotland's scale uplift.

	2022/23	2021/22
Component of fee:		
▶ Auditor remuneration - expected fee	£33,960	
Audit Scotland fixed charges:		
▶ Performance audit and best value	£6,460	
▶ Audit support costs	£1,290	
Sectoral price cap	(£10,240)	
Total fee	£31,470	£27,960

As we outlined in our audit planning report, the expected fee for auditor remuneration, set by Audit Scotland, is based on a risk assessment of publicly available information from the 2021 tender exercise. It assumes that the IJB has well-functioning controls, an effective internal audit service, and an average risk profile for its sector across a range of areas for consideration, including financial, operational and governance risks. This is the basis for the estimated level of time and skill mix involvement by auditors.

Throughout the course of their work, auditors may identify new, developing or otherwise enhanced areas of risk that are required to be addressed to deliver an audit to the quality standards expected, and in line with the requirements of the Audit Scotland Code of Practice.

As expected, we have encountered challenges in the first year of the audit, including additional work around disclosures that are unique to the IJB. We will hold a debrief with management to ensure all lessons are learned for future years to ensure that the audit continues to run smoothly.

H Additional audit information

Introduction

In addition to the key areas of audit focus outlined within the plan, we have to perform other procedures as required by auditing, ethical and independence standards and other regulations. We outline the procedures below that we will undertake during the course of our audit.

Our responsibilities under auditing standards

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Board's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of the going concern basis of accounting.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Read other information contained in the financial statements, the Finance, Audit and Scrutiny Committee reporting appropriately addresses matters

communicated by us to the Committee and reporting whether it is materially inconsistent with our understanding and the financial statements.

- Maintaining auditor independence.

Purpose and evaluation of materiality

- For the purposes of determining whether the accounts are free from material error, we define materiality as the magnitude of an omission or misstatement that, individually or in the aggregate, in light of the surrounding circumstances, could reasonably be expected to influence the economic decisions of the users of the financial statements. Our evaluation of it requires professional judgement and necessarily takes into account qualitative as well as quantitative considerations implicit in the definition. We would be happy to discuss with you your expectations regarding our detection of misstatements in the financial statements.
- Materiality determines the locations at which we conduct audit procedures and the level of work performed on individual account balances and financial statement disclosures.
- The amount we consider material at the end of the audit may differ from our initial determination. At this stage it is not feasible to anticipate all of the circumstances that may ultimately influence our judgement about materiality. At the end of the audit we will form our final opinion by reference to all matters that could be significant to users of the accounts, including the total effect of the audit misstatements we identify, and our evaluation of materiality at that date.

H Additional audit information (cont.)

Audit Quality Framework/Annual Audit Quality Report

- ▶ Audit Scotland are responsible for applying the Audit Quality Framework across all audits. This covers the quality of audit work undertaken by Audit Scotland staff and appointed firms. The team responsible are independent of audit delivery and provide assurance on audit quality to the Auditor General and the Accounts Commission.
- ▶ We support reporting on audit quality by providing additional information including the results of internal quality reviews undertaken on our public sector audits. The most recent audit quality report can be found at: <https://www.audit-scotland.gov.uk/publications/quality-of-public-audit-in-scotland-annual-report-202223>
- ▶ EY has policies and procedures that instil professional values as part of firm culture and ensure that the highest standards of objectivity, independence and integrity are maintained. Details can be found in our annual Transparency Report: https://www.ey.com/en_uk/about-us/transparency-report

This report

This report has been prepared in accordance with Terms of Appointment Letter from Audit Scotland through which the Accounts Commission has appointed us as external auditor of Glasgow Integration Joint Board for financial years 2022/23 to 2026/27.

This report is for the benefit of the Board and is made available to the Accounts Commission and Audit Scotland (together the Recipients).

This report has not been designed to be of benefit to anyone except the Recipients. In preparing this report we have not taken into account the interests, needs or circumstances of anyone apart from the Recipients, even though we may have been aware that others might read this report.

Any party other than the Recipients that obtains access to this report or a copy (under the Freedom of Information Act 2000, the Freedom of Information (Scotland) Act 2002, through a Recipient's Publication Scheme or otherwise) and chooses to rely on this report (or any part of it) does so at its own risk. To the fullest extent permitted by law, Ernst & Young LLP does not assume any responsibility and will not accept any liability in respect of this report to any party other than the Recipients.

Complaints

If at any time you would like to discuss with us how our service to you could be improved, or if you are dissatisfied with the service you are receiving, you may take the issue up with Stephen Reid who is our partner responsible for services under appointment by Audit Scotland, telephone 0131 777 2839, email sreid2@uk.ey.com. If you prefer an alternative route, please contact Hywel Ball, our Managing Partner, 1 More London Place, London SE1 2AF. We undertake to look into any complaint carefully and promptly and to do all we can to explain the position to you.

Should you remain dissatisfied with any aspect of our service, or with how your complaint has been handled, you can refer the matter to Audit Scotland, 4th Floor, 102 West Port, Edinburgh, EH3 9DN. Alternatively you may of course take matters up with our professional institute. We can provide further information on how you may contact our professional institute.

EY | Building a better working world

EY exists to build a better working world, helping to create long-term value for clients, people and society and build trust in the capital markets.

Enabled by data and technology, diverse EY teams in over 150 countries provide trust through assurance and help clients grow, transform and operate.

Working across assurance, consulting, law, strategy, tax and transactions, EY teams ask better questions to find new answers for the complex issues facing our world today.

EY refers to the global organization, and may refer to one or more, of the member firms of Ernst & Young Global Limited, each of which is a separate legal entity.
