The Integration Joint Board positively promotes the principles of sound corporate governance within all areas of the Board's affairs. These Financial Regulations are an essential component of the corporate governance of the Integration Joint Board.

Section A: Introduction and General Issues

1. What the Regulations Cover

- 1.1 Both the Health Board and the Council operate under Financial Regulations/Standing Financial Instructions in the operational delivery of services. As this service delivery will continue to be carried out within the Health Board and the Council, these Financial Regulations relate specifically to the affairs of the Integration Joint Board (IJB) itself and therefore are more limited and focussed in scope. All operational and transactional finance matters for delivery of Glasgow City Health and Social Care Partnership (GCHSCP) will comply with Glasgow City Council (GCC) Financial Regulations and NHS Greater Glasgow & Clyde (NHSGG&C) Standing Financial Instructions.
- 1.2 GCHSCP is governed by the Glasgow City Integration Joint Board, established by Scottish Ministers as a consequence of the Integration Scheme approved by GCC and NHSGG&C in terms of the Public Bodies (Joint Working) (Scotland) Act 2014. GCC and NHSGG&C have delegated functions and resources to the Integration Joint Board. The IJB will direct the Council and the Health Board on how resources will be spent in line with the approved Strategic plan, and allocate resources back to the Council and Health Board in accordance with this direction. The IJB retains responsibility for oversight and management of expenditure within the allocated budgets.
- 1.3 Under Scottish Government Regulations, for all IJBs in Scotland the Chief Officer, supported by the Chief Finance Officer, must ensure that there are adequate systems and controls in place for the proper management of its financial affairs.
- 1.4 These Financial Regulations of GCHSCP detail the responsibilities of the Integration Joint Board for its own financial affairs.
- 1.5 The Regulations also set out the respective responsibilities of the Chief Officer and the Chief Finance Officer of the IJB.
- 1.6 The Chief Officer and the Chief Finance Officer will follow these Regulations at all times in relation to the conduct of the IJB's own financial affairs.
- 1.7 All actions that affect the Integration Joint Board's finances should only be carried out by properly authorised employees. The Chief Officer will establish a clear and effective framework of authorisation for the IJB.
- 1.8 The IJB will give directions to GCC and NHSGG&C that are designed to ensure resources are spent in accordance with the Strategic Plan and Integration Scheme.

- 1.9 If it is believed that anyone has broken, or may break, these Regulations, this must be reported immediately to the Chief Finance Officer, who may then discuss the matter with the Chief Officer to determine what action is to be taken.
- 1.10 The Chief Officer and other authorised persons will ensure that all expenditure within the Integration budget meets proper accounting standards.
- 1.11 The IJB will consider and approve any alterations to these Financial Regulations.

2. Corporate Governance

- 2.1 Corporate governance is about the structures and processes for decision-making, accountability, controls and behaviour throughout the IJB. The basic principles of corporate governance are as follows.

Openness: Anyone with an interest in the affairs of the IJB should have confidence in the decision-making and management processes and the individuals involved in them. This confidence is gained through openness in its affairs and by providing full, accurate and clear information which leads to effective and timely action and scrutiny.

Integrity: There should be honesty, selflessness, objectivity, and high standards of conduct in how the IJB's funds and affairs are managed. Integrity depends on the effectiveness of the control framework and on the personal standards and professionalism of Board members and officers involved in the running of its affairs.

Accountability: There needs to be a clear understanding by everyone involved in the IJB's affairs of their roles and responsibilities. There should also be a process which provides appropriate independent examination of the decisions and actions of those involved in the council's affairs, including how the IJB's funds and performance are managed.

- 2.2 These financial regulations are an essential part of the corporate governance of the IJB.
- 2.3 Board members are required to follow any formally agreed national codes of conduct.

3. Responsibilities under these Financial Regulations

- 3.1 The IJB will continuously work to secure best value for money, and economy, efficiency and effectiveness in how the organisation directs its resources.
- 3.2 The Chief Finance Officer (in consultation with the Chief Officer) will advise the

IJB on the financial implications of the IJB's activities. The Chief Finance Officer will ensure that budget holders receive impartial advice, guidance and support and appropriate information to enable them to affect control over expenditure and income.

3.3 Strategic Plan and Integrated Budget

The IJB will approve a Strategic Plan which sets out arrangements for planning and directing the functions delegated to it by GCC and NHSGG&C. The Strategic Plan will cover a three-year period and will determine the budgets allocated to each operational partner for operational service delivery in line with the Plan, recognising that these may need to be indicative for years two and three. The IJB will publish its Strategic Plan by 31 March 2016.

3.4 The Chief Officer and the Chief Finance Officer will develop a case for the integrated budget based on the Strategic Plan and present it to GCC and NHSGG&C for consideration and agreement as part of the annual budget setting process. Regulations 11 and 12 provide further guidance.

3.5 Budget Management

Budget holders within the Council and the Health Board will be accountable for all budgets within their control as directed by the IJB in line with its Strategic Plan. The IJB will ensure appropriate arrangements are in place to support good financial management and planning. The IJB must follow the agreed policies in relation to:

- Management of Integrated Budgets – Guiding Principles
- Budget Setting
- Scheme of Virement
- Managing Financial Performance
- Capital Planning
- Reserves policy and strategy

3.7 The Chief Finance Officer and relevant finance staff will use finance IT systems within both organisations to produce financial reports and forecasts in order to monitor the overall financial performance in relation to the approved Revenue Budgets.

3.8 The Chief Finance Officer will provide to each meeting of the IJB budget monitoring reports along with explanations for any significant variations from budget and the action planned to deal with them. Budget monitoring reports will also be provided to the Council and the Health Board from an operational perspective.

4. The Framework for Financial Administration

financial management framework.

- 4.2 The Chief Finance Officer will monitor how the Financial Regulations operate within the IJB, and will provide the IJB with a written framework which governs its financial affairs.

5. Reviewing the Financial Regulations

- 5.1 The IJB will consider and approve any alterations to these Financial Regulations. The IJB may also withdraw these financial regulations. If so, this will come into force from the first working day after the end of the IJB meeting at which the change or withdrawal was approved.

6. Legal Advice

- 6.1 GCC and NHSGG&C will provide legal advice regarding these Financial Regulations as required in relation to the functions delegated to the IJB.
