HSCP LOCALITY PLANS 2019/20 - ENGAGEMENT

Purpose of Report:	To report on the engagement plans for the 2019/20 draft locality plans for North East, North West and South.
Background/Engagement:	The priorities and actions set out within the draft locality plans have been the product of a broad range of engagement activity. This has ranged from community engagement on previous locality plans, service specific engagement events, the IJB Strategic Plan consultation and the regular locality forums and networks. Further locality engagement events take place in October and November 2019 before the final version of each plan is produced. The final plans will be reported to the IJB for approval in January 2020.
Recommendations:	The IJB Public Engagement Committee is asked to: a) note the arrangements for engaging locality on Locality Plans for 2019/20.

OFFICIAL

Relevance to Integration Joint Board Strategic Plan:

The IJB Strategic Plan commits the Partnership to the development of locality plans to show how the Strategic Plan is to be implemented in each locality, and how localities intend to respond to local needs and issues. The priorities and actions set out within the locality plans will contribute to the delivery of the key priorities set out within the Strategic Plan.

Implications for Health and Social Care Partnership:

Reference to National Health & Wellbeing Outcome:	The locality plans will support the delivery of all nine national integration outcomes including outcomes for children and criminal justice services.
Personnel:	Awareness of the content of locality plans will support staff to better understand key priorities and actions for their locality and across services
Carers:	Locality plans include specific actions to support carers in their caring role.
Provider Organisations:	None
Equalities:	Locality plans outline how localities will progress the vision and priorities outlined in the Strategic Plan, which was subject to EQIA and agreed in March 2019. Significant areas of service change referred to within the draft locality plans will already have been subject to an EQIA and made available on the GCHSCP website, accessible at the link below: https://glasgowcity.hscp.scot/equalities-impact-assessments
Fairer Scotland Compliance:	The draft locality plans include a number of actions aimed at promoting equality and reducing health inequalities. The plans also set out headline findings from health and wellbeing survey results, including those linked to social health and deprivation.
Financial:	Locality plans will be taken forward within the resources available within each locality.
Legal:	The draft locality plans comply with the Scottish Government's guidance on localities issued in 2015.
Economic Impact:	None

Sustainability:	None
Sustainable Procurement and Article 19:	None
Risk Implications:	None
Implications for Glasgow City Council:	None
Implications for NHS Greater Glasgow & Clyde:	None

1. Introduction

1.1 The HSCP has developed three locality plans for 2019/20 the purpose of which is to:

- a) set out the demographics and health and social care needs of the local population;
- b) reflect the HSCP's priorities and actions that are relevant to the locality;
- c) demonstrate how each locality will contribute to the implementation of the IJB Strategic Plan;
- d) communicate our performance against key targets;
- e) set out the services within each locality and associated resources, including headline information on staffing, finance and accommodation; and,
- f) be a vehicle for stakeholder engagement to ensure there is effective local engagement in service planning activities.

1.2 Draft locality plans were reported to the IJB in September 2019 [<https://glasgowcity.hscp.scot/publication/item-no-12-health-and-social-care-partnership-locality-plans-2019-22>], and highlighted further engagement activity would take place before final plans were reported to the IJB in January 2020. This report updates the Committee on the activity planned in each locality over the next few months.

2. Locality Engagement

2.1 The draft locality plans are themselves the product of a broad range of engagement activity. This has ranged from community engagement on previous locality plans, service specific engagement events, the IJB Strategic Plan consultation and the regular locality forums and networks.

OFFICIAL

2.2 A further period of engagement will also allow services to give additional consideration to the potential to set more precise timescales to the delivery of actions. The final version of the locality plans will be brought back to the IJB for approval in January 2020.

2.3 Engagement plans in each locality include:

2.3.1 North East

Consultation on the NE Locality Plan is an integral part of ongoing work to ensure community participation in the development of local health and social care services. The draft Plan will be discussed at the November 2019 meeting of the NE Locality Engagement Forum and at other events as follows:

- Asylum/Refugee Event St. Mango's Museum 26/10/19.
- Public Session Third sector Community groups and service users 26/11/19

The Plan will also be circulated as an agenda item to the following groups in October/November 2019:

- NE Locality Carer's Forum
- NE Locality Older People's Planning Group
- NE Children's Services Locality Planning Group
- NE Primary Care Implementation Group
- Focus Groups NE Mental Health / Substance Misuse Recovery Groups

2.3.2 North West

The web link to the draft North West Locality Plan was circulated to a wide range of patient, service user, Carers groups, Community Councils, third sector and community groups along with an invite to a NW Locality engagement event held on 15 October 2019. The session generated a breadth of opinions and comments which will contribute to implementation of our Locality priorities.

The draft North West Locality Plan will also be presented to Drumchapel Thriving Places Breakfast and a Blether on 23 October 2019 and the Possilpark and Ruchill Thriving Places Network Breakfast on 8 November 2019.

2.3.3 South

In South the draft has been circulated to a wide range of user and carer, and third sector groups including:

- South Locality Carer's Forum
- South Locality Older People's Planning Group
- South Children's Services Locality Planning Group
- South Primary Care Implementation Group
- South GP Committee

OFFICIAL

OFFICIAL

The draft will be discussed at a specific Locality Engagement Forum event on 7 November, and an article will be included in the South Locality Engagement Bulletin December issue.

- 2.4 It should be noted that this engagement is taking place at the same time as the review of the IJB Participation and Engagement Strategy (see agenda item 9). Comments received as part of the engagement on locality plans that are relevant to the Review will be incorporated in the Review. The outcome of the engagement on locality plans will be reported to the next Committee meeting, and used to inform the next iteration of locality plans.

3. Recommendations

- 3.1 The IJB Public Engagement Committee is asked to:
- a) note the arrangements for engaging locality on Locality Plans for 2019/20.
