Glasgow City Integration Joint Board Budget Monitoring for Month 10 and Period 11 2021/22

Purpose of Report:	This report outlines the financial position of the Glasgow City Integration Joint Board as at 31 st January (Health) and 21 st January (Council) and highlights any areas of budget pressure and actions to mitigate these pressures.
---------------------------	---

Background/Engagement:	The financial position of Glasgow City Integration Joint Board is monitored on an ongoing basis throughout the financial year and reported to each meeting of the Board.
-------------------------------	--

Recommendations:	<p>The Integration Joint Board is asked to:</p> <ul style="list-style-type: none">a) note the contents of this reportb) approve the budget changes noted in section 3;c) approve the recurring funding for the packages of care outlined at section 5.2.5; andd) note the summary of current Directions (Appendix 2).
-------------------------	--

Relevance to Integration Joint Board Strategic Plan:

This report outlines expenditure against budget in delivery of the range of Health and Social Care services described within the Integration Joint Board Strategic Plan 2019-22.

Implications for Health and Social Care Partnership:

Reference to National Health & Wellbeing Outcome:	Not applicable at this time.
--	------------------------------

Personnel:	Not applicable at this time.
-------------------	------------------------------

OFFICIAL

Carers:	Expenditure in relation to Carers' services is included within this report.
Provider Organisations:	Expenditure on services delivered to clients by provider organisations is included within this report.
Equalities:	Not applicable at this time.
Fairer Scotland Compliance:	The expenditure on services supports the delivery of a Fairer Scotland.
Financial:	Actions required to ensure expenditure is contained within budget.
Legal:	Not applicable at this time.
Economic Impact:	Not applicable at this time.
Sustainability:	Not applicable at this time.
Sustainable Procurement and Article 19:	Not applicable at this time.
Risk Implications:	None at this time.
Implications for Glasgow City Council:	None at this time.
Implications for NHS Greater Glasgow & Clyde:	None at this time.
Direction Required to Council, Health Board or Both	
Direction to:	
1. No Direction Required	<input type="checkbox"/>
2. Glasgow City Council	<input type="checkbox"/>
3. NHS Greater Glasgow & Clyde	<input type="checkbox"/>
4. Glasgow City Council and NHS Greater Glasgow & Clyde	<input checked="" type="checkbox"/>

1. Purpose

- 1.1 This monitoring statement provides a summary of the financial performance of Glasgow City Integration Joint Board for the period 1 April 2021 to 31st January 22 (Health), and to 21st January (Council).
- 1.2 It is based on information contained in the respective financial systems and includes accruals and adjustments in line with its financial policies.

OFFICIAL

OFFICIAL

2. Summary Position

- 2.1 Net expenditure is £9,123m lower than budget to date. Gross expenditure is £6.531m (0.59%) underspent, and income is over-recovered by £2.591m (3.00%).
- 2.2 Appendix 1 shows the current budget variance by both care group and subjective analysis.

3. Budget Changes

- 3.1 Throughout the financial year, adjustments are made to the original approved budget as a result of additional funding allocations and service developments. During the period M8/Period 9 to Month 10/Period 11 the net expenditure budget has increased by £23.314m. The changes to the gross expenditure and income budgets are analysed in the table below.

Explanation	Changes to Expenditure Budget	Changes to Income Budget	Net Expenditure Budget Change
Winter Pressures Funding from the Scottish Government	£15,847,000	-£2,232,000	£13,615,000

4. Transformation Programme

- 4.1 The overall savings target for 2021/22 is £5.879m. At this stage of the year it is anticipated that actual savings realised will be £5.705m representing 98% of the target
- 4.2 The unachieved savings target from prior years is £2.969m. At this stage of the year it is anticipated that £0.314m is forecast to be achieved. Delivery of savings had been impacted by the need to focus resources in responding to COVID-19. These are mainly linked to savings identified for the Maximising Independence Programme and Transport savings. Programme boards have re-commenced to support major savings initiatives; however, it is anticipated that full delivery will not be achievable in 2021-22.
- 4.3 The savings realised are reflected in the overall financial position reported in this monitoring statement.

5. Reasons for Major Budget Variances

5.1 Children and Families

- 5.1.1 Net expenditure is underspent by £0.395m.
- 5.1.2 Employee costs are underspent overall by £0.150m. There is an underspend of £1.783m due to vacancies and turnover. This is partially offset by overtime in the Children's Houses which is overspent by £0.623m mainly due to absence cover and additional support for young people with complex needs, and Health Visiting which is overspent by £1.027m linked to the unfunded national regrading in 2018.
- 5.1.3 Premises costs are overspent by £0.628m mainly in relation to work planned for the Children's Houses.
- 5.1.4 Third Party and Transfer Payment costs are overspent by £0.859m. Residential Schools are overspent by £1.323m, with current placements totaling 39 which represents a net reduction of 2 since 1 April 2021. Purchased foster placements total 187, a net decrease of 24 since 1 April 2021, with an underspend of £0.871m and provided fostering is underspent by £0.675m with placement numbers totaling 516. In addition, there are overspends in Kinship, Locality Respite, Direct Assistance and Personalisation/Direct Payments totaling £1.125m.
- 5.1.5 Income is over-recovered overall by £1.658m. Unaccompanied Asylum Seeking Children (UASC) income is over-recovered by £1.257m based on cases accepted to date by the Home Office. There is an over-recovery of £0.263m in relation to income from staff secondments and £0.096m for inter-agency adoption placements.

5.2 Adult Services

- 5.2.1 Net expenditure is underspent by £4.882m.

OFFICIAL

OFFICIAL

- 5.2.2 Employee cost are underspent by £3.864m. This underspend is focused mainly on Alcohol and Drug Recovery Services (£1.390m), Sexual Health (£0.652m), Learning Disability (£0.630m), Homelessness (£0.533m). Recruitment is ongoing in all services and as posts are filled the under spend position should reduce.
- 5.2.3 Purchased Services and Direct Payments are showing an underspend of £1.397m attributable in the main to Learning Disability and Mental Health Services. These services are experiencing significant pressure due to new demand for support and unachieved savings which is resulting in an overspend of £2.663m. This overspend has been off-set by part year reductions of support linked to Covid (as a result of either the Provider's inability to deliver support, or service users choosing to temporarily reduce support), estimated at £1.269m (£1.5million full year). It has also been further offset with £2.791m additional winter planning funding from Scottish Government which has been received to fund pressures within the social care system (£3.020m full year.)
- 5.2.4 Mental Health is reflecting an overspend of £0.402m within Premises Costs mainly due to refurbishments & other property work on Inpatient sites and other minor works at Hunter Street for the Complex Needs service.
- 5.2.5 Adult Services has recently assessed the needs of 9 adults who required individual support packages at a combined cost of £1,569,485 per annum recurringly. These packages of care have been recommended following consideration of a range of service option to meet these individual care needs. The IJB is asked to approve these commitments on a recurring basis funded from within existing budgets.

5.3 Older People and Physical Disability

- 5.3.1 Net expenditure is underspent by £3.702m.
- 5.3.2 Employee costs are overspent by £1.627m, mainly within Operational Care services. This is due to additional staffing to support the service as it responds to COVID including increased levels of sickness absence and an increase to the number of residents with additional support needs. The overspend includes Winter Planning funding for additional home carers temporarily recruited during the pandemic. The shortfall in funding for this year's pay award is also reflected in the position.
- 5.3.3 Purchased care homes are underspending by £5.200m to date. The pandemic has had a significant impact on our assumptions, year to date we have seen both a 7.6% decrease in admissions levels, and a 33.2% increase in discharge levels over the same time.
- 5.3.4 Personalisation is overspent by £1.592m because of increased new demand, transitions and unachieved savings, this position is improved due to the approval of Winter Planning funding. This overspend is partly offset by continuing underspends in Supported Living, Purchased Homecare and Purchased Day Care (£1.295m).
- 5.3.5 Transport has an overspend of £0.185m within vehicle repairs due to an ageing fleet.

OFFICIAL

OFFICIAL

- 5.3.6 There is an over recovery of income of £0.750m mainly within directly provided long stay income.

5.4 Resources

- 5.4.1 Net expenditure is overspent by £2.318m.
- 5.4.2 Employee costs are overspent by £0.348m due to lack of turnover within these services.
- 5.4.3 Premises Costs are overspent by £0.136m due to security and refuse disposal at Health Centres and security at several other premises.
- 5.4.4 Transport Costs are overspent by £0.105m due to taxi recharges.
- 5.4.5 Supplies and Services are overspent by £0.948m. There is an overspend of £0.279m resulting from the provision for the renewal of I.T. licenses offset by underspends elsewhere in the IT recharge budget, £0.627m linked to one off property spends, and the current media advertising campaign for recruitment. There is an overspend of £0.093m within Equipu services as activity increases & more equipment is being purchased/utilised by the Equipu Partnership. These overspends are offset by an underspend of £0.234m in stairlifts due to the decrease in activity linked to Covid. This is also reflected in the income position.
- 5.4.6 There is an under-recovery in income of £0.236m. Care Services is showing a net under-recovery in income of £0.122m with under-recoveries in Linguistics and Stairlifts and an over-recovery in Equipu. These services have a net position of £0.153m overspend. There is an under-recovery in income from Training of £0.106m due to timing.

5.5 Criminal Justice

- 5.5.1 Net expenditure is underspent by £0.269m.
- 5.5.2 The service is showing an underspend of £0.269m against non-grant funding due mainly to slippage in appointments to vacancies and delays in implementing purchased services.

5.6 Primary Care

- 5.6.1 Primary Care is showing an underspend position of £1.958m.
- 5.6.2 Vacancies within Prescribing Support Services and Health Improvement teams is resulting in an underspend of £0.394m. There are further underspends within Supplies & Services and Third Party of £0.198m as a result of slippage on funding for a new service which is currently in the planning stage.

OFFICIAL

OFFICIAL

- 5.6.3 Prescribing is currently reporting an underspend of £1.132m which is summarised in the table below.

Main Areas	£m
Schedule 4 GIC (Gross Ingredient Cost) – main GP prescribing budget	1.620
Other <i>including discounts & rebates</i>	-2.752
Net Spend	-1.132

- 5.6.4 Prescribing volumes remain volatile this year and prices have also been subject to fluctuation due to short-supply; in addition, there are one-off windfalls from discount rebates and tariff swap reduction.
- 5.6.5 The IJB holds earmarked reserves of £2.962m to offer a contingency in this budget due to the risk associated with pricing and the potential impact of BREXIT.

5.7 Response to COVID-19

- 5.7.1 Funding of costs associated with COVID-19, for services delegated to the IJB, will be routed through Greater Glasgow and Clyde Health Board and passed through to the IJB to meet costs. To date the IJB has received £27.248m, of which £17.125m was held in earmarked reserves and £10.123m has been notified to us on 26 October 2021. Costs of £21.920m have been incurred to date.
- 5.7.2 Full year costs of £40m are anticipated and a recent letter has identified further funding to meet COVID costs in full for 2021-22. The IJB continues to provide the Scottish Government with regular updates in relation to forecasted spend for all services and the cost of responding to the pandemic and this will be used by the Scottish Government in assessing future funding needs.

5.8 Probable Outturn

- 5.8.1 A probable outturn was reported to the IJB in December which forecasted an underspend of £4.7m. Within the report it was recognised that if the use of Winter Planning monies was approved as recommended, to fund existing pressures, it would improve the outturn position. Taking account of this increases the forecasted underspend to £12.4m based on the outturns reported in December. However, the IJB continues to operate under the powers introduced by the emergency legislation in relation to Covid 19. As a result, the underspend is likely to increase further as we continue to respond to the challenges of the pandemic. Services continue to experience significant fluctuations in costs including care homes, demand for packages of care and the level of staff turnover and recruitment required to be undertaken. This is proving difficult to predict and will continue to be monitored closely as we approach the year end.

6. Action

- 6.1 The Chief Officer, along with the Health and Social Care Partnership Senior Management Team, continues to manage and review the budget across all areas of the Partnership.

OFFICIAL

7. Conclusion

- 7.1 Net expenditure is £9.123m lower than budget to date.
- 7.2 A number of savings initiatives through the transformation programme have yet to achieve the required level of savings. These initiatives are being critically reviewed and closely monitored by the IJB's Integration Transformation Board.
- 7.3 In line with the approved Reserves Policy, any net overspend which may occur within 2021/22 will be met from general reserves at the end of the financial year.

8. Recommendations

- 8.1 The Integration Joint Board is asked to:
 - a) note the contents of this report;
 - b) approve the budget changes noted in section 3;
 - c) approve the recurring funding for the packages of care outlined at section 5.2.5;
and
 - d) note the summary of current Directions (Appendix 2).
