1. Purpose

- 1.1 This monitoring statement provides a summary of the financial performance of Glasgow City Integration Joint Board for the period 1 April 2019 to 30th November 2019 (Health), and to 22nd November 2019 (Council).
- 1.2 It is based on information contained in the respective financial systems and includes accruals and adjustments in line with its financial policies.

2. Summary Position

- 2.1. Net expenditure is £6.294m lower than budget to date. Gross expenditure is £5.017m (0.63%) underspent, and income is over-recovered by £1.277m (1.65%).
- 2.2 Appendix 1 shows the current budget variance by both care group and subjective analysis.

3. Budget Changes

- 3.1 Throughout the financial year, adjustments are made to the original approved budget as a result of additional funding allocations and service developments. During Month 8/Period 9 the net expenditure budget has increased by £1.231m. The changes to the gross expenditure and income budgets are analysed in the table below.

Explanation	Changes to Expenditure Budget £	Changes to Income Budget £	Net Expenditure Budget Change £
Govanhill Community Safety Funding	257,000	0	257,000
Children's Services Early Intervention Funding	650,000	0	650,000
Mental Health Outcomes Framework	171,333	0	171,333
Other Miscellaneous	-289,792	442,906	153,113
Total	788,541	442,906	1,231,446

4. Transformation Programme

- 4.1 The overall savings target for 2019/20 is £18.255m. At this stage of the year it is anticipated that actual savings realised will be £17.062m representing 93% of the target. The shortfall is related to Shifting the Balance of Care for Adult Services. The forecast savings position will be updated as the Maximising Independence Programme moves forward. This programme represents the future for service delivery but will take time to implement, impacting on savings delivery in the short term.
- 4.2 Of the unachieved savings of £3.809 from 2018/19, £0.500m are still to be realised. Currently £3.309m is forecast to be achieved, 87% of the total savings target. The balance outstanding relates to Learning Disability Purchased Services. This is being looked at as part of the Maximising Independence Programme. Progress against all savings targets will continue to be reviewed during the year through the Integration Transformation Programme Board.

4.3 The savings realised are reflected in the overall financial position reported in this monitoring statement.

5. Reasons for Major Budget Variances

5.1 Children and Families

5.1.1 Net expenditure is underspent by £2.455m.

5.1.2 Employee costs is underspent by £1.371m mainly due to a combination of vacancies in the provided residential units and Localities, and new investment funding for additional posts. Recruitment for all is well underway with most posts now filled. This figure includes an overspend in Community Nursing of £0.875m mainly due to Health Visiting overspending as a result of the regrading from band 6 to band 7, and the recharges for students in training.

5.1.3 Work continues in support of the Transformation Programme within Children and Families although there has been no net reduction in Residential Schools placement numbers since 1st April 2019. At period 9 the underspend is £0.126m, with a full year projected underspend of £0.182m. Provided Fostering is underspent by £0.442m with placement numbers totalling 588, a reduction of 46 since 1 April 2019. Following a review of the Multi Treatment Foster Care Programme there is an underspend against Public Agencies costs of £0.321m

5.1.4 Slippage in investment funding for Supported Living has resulted in an underspend of £0.222m.

5.1.5 Site acquisition costs for the provided residential new build programme and works required in existing units has resulted in additional spend of £0.468m.

5.1.6 Direct Assistance is overspent by £0.570m in relation to both Section 22 and Section 29 payments. Pressure continues to grow particularly around accommodation costs for care leavers.

5.1.7 Income is over-recovered by £0.977m mainly in respect of Unaccompanied Asylum Seeker Children income from the Home Office due to the approval of outstanding cases from last financial year and additional cases for this year.

5.2 Adult Services

5.2.1 Net expenditure is underspent by £1.086m.

5.2.2 Employee costs are underspent by £2.900m throughout all services due to periods of vacancies, turnover and difficulties recruiting to posts. This underspend also reflects the early delivery of savings for 2020/21 following the redesign of Glasgow Alcohol and Drug Recovery Day Services. Recruitment continues to be progressed for vacant posts in all services.

5.2.3 Purchased Services (including Self Directed Support) within Learning Disability and Mental Health are overspent by £1.783m. This overspend related to unachieved savings and the impact of transitional drift from Children and Families, and onwards to Older

People. High cost services continue to be managed via the Management and Allocation of Community Resource Options Group (MACRO)

5.3 Older People and Physical Disability

- 5.3.1 Net expenditure is underspent by £1.860m.
- 5.3.2 Employee costs within Older People are underspent due to staff turnover in a number of services including Community Health Services (£0.557m) and Mental Health elderly community (£0.457m) which is offset by agency and overtime overspends of £0.399m to cover sickness absence, additional staffing costs relating to end of life care within the Residential Service, and an overspend of £0.545m in Mental Health Elderly Inpatients as a result of increased bank usage.
- 5.3.3 The Carers Service budget is underspent by £1.157m mainly due to the part year implementation of the investment agreed by the IJB in June and vacancies. Budgets are also underspent by £0.604m following the closure of Birdston.

5.4 Resources

- 5.4.1 Net expenditure is underspent by £0.374m.
- 5.4.2 Staffing costs underspend is the main driver as a result of vacancies throughout the year in areas including Admin/Business Support, Senior Management and Planning.

5.5 Primary Care

- 5.5.1 Primary Care is showing an underspend position of £0.461m.
- 5.5.2 Employee costs under spend of £0.327m attributable to staff turnover and vacancies.
- 5.5.3 The removal of the risk share arrangements in 2018/19 in relation to Prescribing requires the IJB to deal with over and underspends. Detailed monitoring arrangements continue to be in place for this budget area to assist with the management of risk in relation to global prices and the potential impact of Brexit. Current forecasts show an underspend of £5.2m which is currently being held in contingency to manage the risk which exists as a result of Brexit. This will continue to be closely monitored and will be the subject of future updates to the IJB.
- 5.5.4 This will continue to be closely monitored and will be the subject of future updates to the IJB.

6. Action

- 6.1 The Interim Chief Officer, along with the Health and Social Care Partnership Senior Management Team, continues to manage and review the budget across all areas of the Partnership.

7. Conclusion

- 7.1 Net expenditure is £6.294m lower than budget to date.
- 7.2 A number of savings initiatives through the transformation programme have yet to achieve the required level of savings. These initiatives are being critically reviewed and closely monitored by the IJB's Integration Transformation Board.

8. Recommendations

- 8.1 The Integration Joint Board is asked to:
- a) note the contents of this report;
 - b) approve the budget changes noted in section 3; and
 - c) note the summary of current Directions (Appendix 2).
