

Item No. 9

Meeting Date: Wednesday 26th November 2025

Glasgow City Integration Joint Board

Report By:	Duncan Black, Depute Chief Officer, Finance and Resources			
Contact:	Duncan Black			
Phone:	0141 287 8315			
Glasg	yow City Integration Joint Board Budget Monitoring for Month 6 and Period 7 2025/26			
Purpose of Report:	This report outlines the financial position of the Glasgow City Integration Joint Board as at 19 th September for Council and 30 th September 2025 for Health and highlights any areas of budget pressures and actions to			
	mitigate these pressures.			
Background/Engage	The financial position of Glasgow City Integration Joint Board is monitored on an ongoing basis throughout the financial year and reported to each meeting of the Board.			
Governance Route:	The matters contained within this paper have been			
	previously considered by the following group(s) as part of its development.			
	HSCP Senior Management Team			
	Council Corporate Management Team ☐ Health Board Corporate Management Team ☐			
	Council Committee Lindete requested by LIR			
	Update requested by IJB □ Other □			
	Not Applicable ⊠			
Recommendations:	The Integration Joint Board is asked to:			
	a) Note the contents of this report;b) Approve the budget changes noted in Section 3; andc) Note the summary of current Directions (Appendix 2).			

Relevance to Integration Joint Board Strategic Plan:

This report outlines expenditure against budget in delivery of the range of Health and Social Care services described within the Integration Joint Board Strategic Plan 2023-28.

Implications for Health and Social Care Partnership:

Reference to National Health & Wellbeing Outcome:	Not applicable at this time.
Personnel:	Not applicable at this time.
Carers:	Expenditure in relation to carer's services is included within this report.
Provider Organisations:	Expenditure on services delivered to clients by provider organisations is included within this report.
Equalities:	Not applicable at this time.
Fairer Scotland Compliance:	The expenditure on services supports the delivery of a Fairer Scotland.
Financial:	All financial consequences are detailed within this report.
Legal:	Not applicable at this time.
Economic Impact:	Not applicable at this time.
Sustainability:	Not applicable at this time.
Sustainable Procurement and Article 19:	Not applicable at this time.
Risk Implications:	The volatility of the drugs supply market, demand for services, cost of living crisis, acceleration of Home Office asylum decisions and inflation continue to represent a significant financial risk to the IJB. This level of risk will require the IJB to keep its financial strategy under review to ensure services are delivered within the funding available. This financial risk will be monitored during 2025-26 and reported through the financial performance reports to the IJB and IJB Finance, Audit and Scrutiny Committee. The IJB is required to hold a contingency which is sufficient to enable the IJB to respond and continue to remain financially viable. The IJB will start 2025-26 with a general reserve of £24.279m which is 1.4% of net expenditure and below the target set at 2%.

Implications for Glasgow City Council:	The Integration Scheme clearly outlines the responsibilities of Partners and the IJB if spending exceeds budget plans. Partners will be kept updated on financial performance during the year.
	Within Homelessness, the net additional cost arising from the impact of Home Office asylum decisions to date is £15.623m. The Council has provided the IJB with a commitment that the additional costs linked to asylum will be fully funded. This report builds in the funding from the Council.
Institutions for NIIIO Oncoton	The last week as Colored and a subject that

Implications for NHS Greater Glasgow & Clyde: Clasgow & Clyde: The Integration Scheme clearly outlines the responsibilities of Partners and the IJB if spending exceeds budget plans. Partners will be kept updated on financial performance during the year.

1. Purpose

- 1.1. This monitoring statement provides a summary of the financial performance of Glasgow City Integration Joint Board for the period 1 April 2025 to 19th September for Council and 30th September 2025 for Health.
- 1.2. It is based on information contained in the respective financial systems and includes accruals and adjustments in line with its financial policies.

2. Summary Position

- 2.1. Net expenditure is £1.690m higher than budget to date.
- 2.2. Appendix 1 shows the current budget variance by both care group and subjective analysis.

3. **Budget Changes**

3.1 Throughout the financial year, adjustments are made to the original approved budget as a result of additional funding allocations and service developments. To Month 6/Period 7 the net expenditure budget has increased by £29.913m. The changes to the gross expenditure and income budgets are analysed in the table below.

Explanation	Changes to Expenditure Budget	Changes to Income Budget	Net Expenditure Budget Change
Scottish Government Funding: Primary Care Improvement Plan	£21,745,951		£21,745,951
Property Management Recharge Budget	£3,308,076		£3,308,076
Scottish Government Funding: Hospice Pay Parity - Marie Curie & Prince & Princess of Wales	£1,188,159		£1,188,159
Scottish Government Funding: Community Link Workers	£1,200,000		£1,200,000
Budget Realignment - Homelessness	-£944,045	£944,045	£0
Scottish Government Funding: Care home & Housebound Vaccinations	£842,555		£842,555
Scottish Government Funding: Secondary School Flu	£750,000		£750,000
Scottish Government Funding: Tobacco Prevention	£482,390		£482,390
Scottish Government Funding: Long Covid Support Fund	£416,618		£416,618
Income: Thistle Staffing Costs	£355,079	-£355,079	£0
Income: Mental Health Discharge Team Funding	£168,640	-£168,640	£0
Scottish Government Funding: Alcohol & Drug Partnership -Tranche 2	£132,868		£132,868
Budget Adjustment Revenue to Capital: Fibroscan	-£236,000		-£236,000
Other Miscellaneous Adjustments	£254,283	-£172,287	£81,996
Total	£29,664,574	£248,039	£29,912,613

4 Transformation Programme

- 4.1 The Integration Transformation Board continues to meet to secure the delivery of in-year savings. The overall savings target for 2025/26 is £39.683m. At this stage of the year, it is anticipated that actual savings realised will be £36.749m, representing 93% of the target. Part-year implementation will impact on in-year savings and will be reflected within future forecasts. The Integration Transformation Board continues to monitor delivery of these savings and agrees to take actions to ensure delivery of the proposals agreed by the IJB.
- 4.2 The unachieved savings target from prior years is £1.462m. At this stage of the year, it is anticipated that £1.133m is forecast to be achieved. The gap is in relation to a review of community health services within Children and Families which is still underway and a review and redesign of Primary Care and Health Improvement Teams which is ongoing.
- 4.3 The savings realised are reflected in the overall financial position reported in this monitoring statement.

- 4.4 The Integration Transformation Board has also been monitoring the transformation agenda to support future year budget planning. This includes the following areas of work:
 - Updates on delivery of prior year and current year savings programmes
 - Updates on recovery planning in significant areas of budget pressure including inpatient staffing and direct assistance
 - Transformation programmes including Learning Disability Workforce Integration, Day Care Service Review, Admin Review and the Mental Health Strategy

5 Reasons for Major Budget Variances

5.1 Children and Families

- 5.1.1 Net expenditure is overspent by £1.794m.
- 5.1.2 Employee costs are overspent by £0.797m. Health Visiting is overspent by £1.192m primarily due to lower than budgeted turnover and 82% of staff at the top of the salary scale. There is an overspend within the Central Parenting Team of £0.148m due to unachieved savings and an overspend of £0.599m due to the overtime requirement for absence cover in the Children's Houses. This is offset by an underspend of £1.139m due to a number of vacancies across the service. Recruitment plans continue to be progressed to fill vacancies as quickly as possible, however this is proving challenging in the current market.
- 5.1.3 Third Party Payments are overspent by £0.829m. There is an overspend in Residential Schools of £1.076m and Personalisation of £0.495m. This is offset by underspends in Kinship of £0.255m, Provided Fostering £0.280m, Shared Care and Short Breaks £0.090m and Adoption £0.150m, all based on placement numbers and service demand.
- 5.1.4 Transfer Payments are overspent by £0.860m. There is an overspend in Direct Assistance of £0.768m which reflects the level of demand and support required in these areas including supporting families with no recourse to public funds. Direct Payments are overspent by £0.092m in relation to Children with Disabilities.
- 5.1.5 There is an over-recovery in income of £0.594m, £0.124m of which relates to UASC (Unaccompanied Asylum-Seeking Children) income from the Home Office and £0.380m in relation to the recovery of Direct Payment surpluses.

5.2 Adult Services

- 5.2.1 Net expenditure is overspent by £4.069m.
- 5.2.2 Employee Costs are overspent by £3.479m. This is mainly attributable to Mental Health services, where employee costs are overspent by £3.711m. Within Inpatient services, expenditure of £8.1m on bank nursing staff has been incurred due to consistently high numbers of enhanced observations, sick leave and vacancy cover, and is partly offset by the high number of trained nursing vacancies (£4.66m). The implementation of the Continuous Intervention Policy from 1st April is expected to impact favorably on supplementary staffing costs over the next few months and is being monitored

- by senior management monthly. Community and Specialist Services are underspent (£0.637m) attributable to turnover.
- 5.2.3 Public Protection is overspent by £0.553m, mainly because of unachieved savings linked to Connect Services, and Management & Support £0.038m due to unfunded posts within health. These overspends are partly offset by underspends within Sexual Health Services (£0.684m) and Criminal Justice & Prison Healthcare (£0.377m) which are attributable to turnover of staff. Homelessness is also underspent (£0.326m)
- 5.2.4 Supplies and Services are overspent by £0.151m with minor underspends throughout most client groups; the exceptions are Mental Health Services, overspent by £0.326m mainly due to high drug costs and equipment purchases, and Homelessness related costs of £0.236m for legal expenses and interpreting costs.
- 5.2.5 Purchased services are overspent by £5.315m. Within this, Learning Disabilities and Mental Health are reporting an overspend of £1.076m due to demand for Self-Directed Support (SDS) options 2 & 3 exceeding the available budget (£1.341m) which is partly offset by underspends within residential & non-residential services (£0.180m). Extra Contractual Referrals are overspent by £0.813m and is reflective of demand. Homelessness is overspent by £3.5m, which is due to the increasing usage of B&B as an alternative source of temporary accommodation during the Housing Emergency and increase in Home Office decision-making in asylum cases
- 5.2.6 Transfer payments are underspent by £1.331m. Within Homelessness, Housing Benefit payments to service users in temporary accommodation is overspent (£14.123m) offset by additional funding from GCC (£15.623m) to partly cover asylum expenditure. Public Protection is overspent by £0.249m due to spend on direct assistance and is reflective of demand.
- 5.2.7 These overspends are partly offset by an income over-recovery of £4.342m mainly due to Home Office asylum funding of £3.196m and the recovery of Learning Disability direct payment surpluses of £0.315m.
- 5.2.8 Within Homelessness, the Council has provided a commitment that the additional costs linked to asylum will be fully funded. Homelessness is therefore reflecting a continued phasing of asylum income to offset cost pressures.

5.3 Older People and Physical Disability

- 5.3.1 Net expenditure is overspent by £1.489m.
- 5.3.2 Employee costs overspent by £0.593m. Health staff salary costs are overspent within Mental Health Inpatients and Elderly Mental Health due to the use of bank and agency staff to cover staff sickness and vacancies. Care Services and Locality front line services are underspending by £0.639m which includes overspends for agency and overtime to cover vacancies and staff absence. Recruitment plans continue to be progressed to fill vacancies as quickly as possible to reduce the use of agency and overtime, however this underspend reflects the challenges of recruiting in the current market.

- 5.3.3 There is an overspend of £0.217m in Transport mainly due to increased repair costs.
- 5.3.4 Purchased services are overspent by £0.207m, this reflects current commitment and assumed activity around demand for services.
- 5.3.5 Supplies & Services are overspent by £0.645m within Health, mainly because of demand on the EquipU budget.
- 5.3.6 Income is over recovered by £0.204m because of direct payment recoveries.

5.4 Resources

- 5.4.1 Net expenditure is underspent by £1.188m.
- 5.4.2 Employee costs are underspent by £0.376m due to vacancies. Recruitment plans continue to be progressed to fill these as quickly as possible, however this is proving challenging in the current market.
- 5.4.3 Transport costs are overspent by £0.077m mainly in relation to Transport and Support Service (TASS) in Technical Care and this is linked to transport costs which include higher taxi usage due to current staff vacancies. This will reduce as recruitment progresses.
- 5.4.4 Supplies and Services are underspent by £1.241m. This is due to budget of £1.011m being held here pending distribution across care groups in relation to the adjustment for pay award. This adjustment has now been actioned. There is an underspend of £0.247m across various lines including purchase of services and commitments linked to inflationary pressures.
- 5.4.5 Income is under-recovered by £0.322m. This is mainly within Technical Care Services where there is a net under-recovery of £0.295m in respect of EquipU, Stairlifts, and Linguistics.

5.5 Criminal Justice

5.5.1 Net expenditure is underspent by £0.330m. This relates to the non-Section 27 grant funded element of the service and is due to turnover in employee costs.

5.6 **Primary Care**

- 5.6.1 Primary Care shows an underspend position of £4.144m.
- 5.6.2 Prescribing is currently reporting an underspend of £4.314m. Year to date costs are trending 1.8% lower than the same period in 2024/25 due to lower volumes and costs than budgeted for. A savings target of £4.6m has been set for 2025-26. Pharmacy teams and GPs are working hard to secure these savings, and progress will continue to be monitored by the relevant management teams.

6. Forecast Position

6.1 A review of the outturn has been undertaken and a projected overspend of £6.9m is forecast. This is attributed to £5m of pressures within inpatient staffing; £3.3m relating to increased demand and changes in the profile of demand for services within Adults and Children's and Families; £2.2m relating to the unfunded pressure for Riverside Care Home decant costs and £2.9m of unachieved savings. This is offset by additional income recoveries of £3m and a projected prescribing underspend of £3.5m. Prescribing volumes and costs are tracking lower than budgeted. In order to reduce this projected overspend position, spending controls are being strictly applied through the senior officer weekly Business Meeting and recovery planning is in place for areas of overspend, with a particular focus on Mental Health Inpatients and pressures within Children and Families.

7. Reserve Balances

7.1 On 1st April the IJB had a balance of £24.279m in general reserves. The 2025-26 budget strategy plans to deliver an underspend of £8.3m to support budget smoothing in relation to the planned increase in superannuation rates in 2026-27. If this is secured during 2025-26 this will increase general reserves to £32.6m, which would be 1.8% of net expenditure. The current forecast overspend position represents a risk to this strategy.

8. Action

- 8.1 The Chief Officer, along with the HSCP Senior Management Team continues to manage and review the budget across all areas of the Partnership.
- 8.2 This will be the subject of updates to future IJB meetings.

8 Conclusion

8.1 Net expenditure is £1.690m higher than budget to date.

9. Recommendations

- 9.1 The Integration Joint Board is asked to:
 - a) Note the contents of this report;
 - b) Approve the budget changes noted in Section 3; and
 - c) Note the summary of current Directions (Appendix 2).

Direction from the Glasgow City Integration Joint Board

1	Reference number	261125-9
2	Report Title	Glasgow City Integration Joint Board Budget Monitoring for Month 6 and Period 7 2025/26
3	Date direction issued by Integration Joint Board	26 November 2025
4	Date from which direction takes effect	26 November 2025
5	Direction to:	Glasgow City Council and NHS Greater Glasgow and Clyde jointly
6	Does this direction supersede, revise or revoke a previous direction – if yes, include the reference number(s)	Yes (reference number: 240925-11) Supersedes
7	Functions covered by direction	All functions outlined in Appendix 1 of the report.
8	Full text of direction	Glasgow City Council and NHS Greater Glasgow and Clyde jointly are directed to deliver services in line with the Integration Joint Board's Strategic Plan 2023-28, as advised and instructed by the Chief Officer and within the revised budget levels outlined in Appendix 1 including the recovery plan referenced in section 6.
9	Budget allocated by Integration Joint Board to carry out direction	As outlined in Appendix 1.
10	Performance monitoring arrangements	In line with the agreed Performance Management Framework of the Glasgow City Integration Joint Board and the Glasgow City Health and Social Care Partnership.
11	Date direction will be reviewed	21 January 2026
