

Item No. 9

Meeting Date: Wednesday 21st January 2026

Glasgow City Integration Joint Board

Report By: Duncan Black, Depute Chief Officer, Finance and Resources

Contact: Duncan Black

Phone: 0141 287 8315

Glasgow City Integration Joint Board Budget Monitoring for Month 8 and Period 9 2025/26

Purpose of Report:

This report outlines the financial position of the Glasgow City Integration Joint Board (IJB) as at 14th November for Council and 30th November 2025 for Health and highlights any areas of budget pressures and actions to mitigate these pressures.

Background/Engagement:

The financial position of Glasgow City Integration Joint Board is monitored on an ongoing basis throughout the financial year and reported to each meeting of the Board.

Governance Route:

The matters contained within this paper have been previously considered by the following group(s) as part of its development.

HSCP Senior Management Team ☐

Council Corporate Management Team ☐

Health Board Corporate Management Team ☐

Council Committee ☐

Update requested by IJB ☐

Other ☐

Not Applicable ☒

Recommendations:

The Integration Joint Board is asked to:

- a) Note the contents of this report;
- b) Approve the budget changes noted in Section 3; and
- c) Note the summary of current Directions (Appendix 2).

OFFICIAL

Relevance to Integration Joint Board Strategic Plan:

This report outlines expenditure against budget in delivery of the range of Health and Social Care services described within the Integration Joint Board Strategic Plan 2023-28.

Implications for Health and Social Care Partnership:

Reference to National Health & Wellbeing Outcome:	Not applicable at this time.
--	------------------------------

Personnel:	Not applicable at this time.
-------------------	------------------------------

Carers:	Expenditure in relation to carer's services is included within this report.
----------------	---

Provider Organisations:	Expenditure on services delivered to clients by provider organisations is included within this report.
--------------------------------	--

Equalities:	Not applicable at this time.
--------------------	------------------------------

Fairer Scotland Compliance:	The expenditure on services supports the delivery a Fairer Scotland.
------------------------------------	--

Financial:	All financial consequences are detailed within this report.
-------------------	---

Legal:	Not applicable at this time.
---------------	------------------------------

Economic Impact:	Not applicable at this time.
-------------------------	------------------------------

Sustainability:	Not applicable at this time.
------------------------	------------------------------

Sustainable Procurement and Article 19:	Not applicable at this time.
--	------------------------------

Risk Implications:	<p>The volatility of the drugs supply market, demand for services, cost of living crisis, acceleration of home office decisions and inflation continues to represent a significant financial risk to the IJB. This level of risk will require the IJB to keep its financial strategy under review to ensure services are delivered within the funding available. This financial risk will be monitored during 2025-26 and reported through the financial performance reports to the IJB and IJB Finance, Audit and Scrutiny Committee.</p> <p>The IJB is required to hold a contingency which is sufficient to enable the IJB to respond and continue to remain financially viable. The IJB started 2025-26 with a general reserve of £24.279m which is 1.4% of net expenditure and below the target set at 2%.</p>
---------------------------	---

OFFICIAL

OFFICIAL

Implications for Glasgow City Council:	The Integration Scheme clearly outlines the responsibilities of Partners and the IJB if spending exceeds budget plans. Partners will be kept updated on financial performance during the year. Within Homelessness, the additional net cost arising from the impact of Home Office asylum decisions to date is £26.201m. The Council has provided the IJB with a commitment that the additional costs linked to asylum will be fully funded. This report builds in the funding from the Council.
---	---

Implications for NHS Greater Glasgow & Clyde:	The Integration Scheme clearly outlines the responsibilities of Partners and the IJB if spending exceeds budget plans. Partners will be kept updated on financial performance during the year.

1. Purpose

- 1.1 This monitoring statement provides a summary of the financial performance of Glasgow City Integration Joint Board (IJB) for the period 1st April 2025 to 14th November for Council and 30th November 2025 for Health.
- 1.2 It is based on information contained in the respective financial systems and includes accruals and adjustments in line with its financial policies.

2. Summary Position

- 2.1 Net expenditure is £0.656m higher than budget to date.
- 2.2 Appendix 1 shows the current budget variance by both care group and subjective analysis.

3. Budget Changes

- 3.1 Throughout the financial year, adjustments are made to the original approved budget as a result of additional funding allocations and service developments. In Month 8/Period 9 the net expenditure budget has increased by £1.573m. The changes to the gross expenditure and income budgets are analysed in the table below.

OFFICIAL

OFFICIAL

Explanation	Changes to Expenditure Budget	Changes to Income Budget	Net Expenditure Budget Change
Children's Social Care Pay Uplift	£1,261,000	£0	£1,261,000
NES income: Psychology trainees	£504,329	-£504,329	£0
Mental Health Cross Boundary Flow Income Uplift	£313,000	-£313,000	£0

Temp Funding Post Interview Support Service Police Scotland Partnerships with GCHSCP	£52,797	-£52,797	£0
Other Miscellaneous Adjustments	£31,500	-£31,500	£0
Total	£2,455,130	-£881,665	£1,573,465

4. Transformation Programme

- 4.1 The Integration Transformation Board continues to meet to secure the delivery of in-year savings. The overall savings target for 2025/26 is £39.683m. At this stage of the year, it is anticipated that actual savings realised will be £35.609m, representing 90% of the target. Part-year implementation will impact on in year savings and will be reflected within future forecasts. The Integration Transformation Board continues to monitor delivery of these savings and agrees to take actions to ensure delivery of the proposals agreed by the IJB.
- 4.2 The unachieved savings target from prior years is £1.462m. At this stage of the year, it is anticipated that £1.162m is forecast to be achieved. The gap is in relation to the ongoing review of the Connect service provision within Adult Services.
- 4.3 The savings realised are reflected in the overall financial position reported in this monitoring statement.
- 4.4 The Integration Transformation Board has also been monitoring the transformation agenda to support future year budget planning. This includes the following areas of work:
- Updates on delivery of prior year and current year savings programmes
 - Updates on recovery planning in significant areas of budget pressure including inpatient staffing and direct assistance
 - Transformation programmes including Learning Disability Workforce Integration, Day Care Service Review, Admin Review and the Mental Health Strategy

OFFICIAL

5. Reasons for Major Budget Variances

5.1 Children and Families

5.1.1 Net expenditure is overspent by £1.571m.

5.1.2 Employee costs are overspent by £0.086m. Health Visiting is overspent by £1.510m primarily due to lower than budgeted turnover and 81% of staff at the top of the salary scale. Due to overtime requirements for absence cover in the Children's Houses there is a further overspend of £0.894m. This is offset by an underspend of £2.193m due to a number of vacancies across the service. Recruitment plans continue to be progressed to fill vacancies as quickly as possible, however this is proving challenging in the current market.

5.1.3 Third Party Payments are overspent by £1.222m. There are overspends in Residential Schools of £1.254m, Personalisation of £0.736m and Purchased Placements of £0.512m. These are largely offset by underspends in Kinship (£0.363m), Provided Fostering (£0.350m), Public Agencies (£0.215m), Shared Care and Short Breaks (£0.117m) and Adoption (£0.141m), all based on placement numbers and service demand.

5.1.4 Transfer Payments are overspent by £0.981m. There is an overspend in Direct Assistance of £0.886m which reflects the level of demand and support required in these areas including supporting families with no recourse to public funds. Direct Payments are overspent by £0.095m in relation to Children with Disabilities.

5.1.5 There is an over-recovery in income of £0.748m, £0.164m of which relates to UASC (Unaccompanied Asylum-Seeking Children) income from the Home Office and £0.491m in relation to the recovery of Direct Payment surpluses.

5.2 Adult Services

5.2.1 Net expenditure is overspent by £6.223m.

5.2.2 Employee costs are overspent by £4.299m. This is mainly attributable to Mental Health services, where employee costs are overspent by £4.984m. Within Inpatient services, expenditure of £10.508m on supplementary nursing staff has been incurred due to consistently high numbers of observations, sick leave and vacancy cover. This is partly offset by an underspend of £5.925m against the core establishment budget due to the high number of trained nursing vacancies in previous months. In the current month, supplementary staffing costs have reduced by 15% compared to the April-October average due to vacancies being filled by newly qualified nurses (NQN). This overspend is partly offset by turnover within Community and Specialist Services of £0.648m.

5.2.3 Supplies and Services are overspent by £1.166m mainly due to high drug costs and equipment purchases within Mental Health Services (£0.589m), Prison Health Care (£0.340m) and legal expenses and interpreting costs (£0.298m) within Homelessness.

OFFICIAL

OFFICIAL

- 5.2.4 Purchased services are overspent by £7.721m. Learning Disabilities and Mental Health Services are reporting an overspend of £1.609m due to demand for SDS options 2 & 3 exceeding the available budget. Extra Contractual Referrals are overspent by £0.891m and is reflective of demand. Homelessness is overspent by £5.278m due to the increasing usage of B&B as an alternative source of temporary accommodation during the Housing Emergency and increase in Home Office decision-making in asylum cases.
- 5.2.5 Transfer payments are underspent by £1.227m. Within Homelessness, Housing Benefit payments to service users in temporary accommodation is overspent by £19.754m, offset by additional funding from GCC of £21.983m to cover asylum expenditure. Public Protection is overspent by £0.325m due to spend on direct assistance and is reflective of demand.
- 5.2.6 These overspends are partly offset by an income over-recovery of £6.048m. This is due to Home Office asylum funding (£4.219m), the recovery of Learning Disability direct payment surpluses (£0.353m) and Health Board recharges for Mental Health Inpatient services (£1.049m).
- 5.2.7 Within Homelessness, the Council has provided a commitment to fully fund the additional costs linked to asylum. Homelessness Services is therefore reflecting a continued phasing of asylum income to offset cost pressures.

5.3 Older People and Physical Disability

- 5.3.1 Net expenditure is underspent by £0.282m.
- 5.3.2 Employee costs overspent by £0.656m. Health staff salary costs are overspent by £1.595m within Mental Health Inpatients and Elderly Mental Health due to the use of bank and agency staff to cover staff sickness and vacancies. Care Services and Locality front line services are underspending by £0.939m which includes overspends for agency and overtime to cover vacancies and absences. Recruitment plans continue to be progressed to fill offsetting vacancies as quickly as possible to reduce the use of agency and overtime, however this underspend reflects the challenges of recruiting in the current market.
- 5.3.3 Purchased services are underspent by £1.373m, this reflects current commitment and assumed activity around demand for services.
- 5.3.4 Supplies & Services are overspent by £0.843m, mainly due to demand on the EquipU budget and unbudgeted expenditure within Residential services.
- 5.3.5 Income is over recovered by £0.492m mainly due to long stay income and direct payment recoveries.

5.4 Resources

- 5.4.1 Net expenditure is underspent by £0.679m.
- 5.4.2 Employee costs are underspent by £0.932m due to vacancies. Recruitment plans continue to be progressed to fill these as quickly as possible, however this is proving challenging in the current market.

OFFICIAL

OFFICIAL

- 5.4.3 Supplies and Services are underspent by £0.264m. There is an underspend of £0.330m across various lines including purchase of services and commitments linked to inflationary pressures which is partially offset by an overspend on EquipU of £0.074m.

5.5 Criminal Justice

- 5.5.1 Net expenditure is underspent by £0.488m. This relates to the non-Section 27 grant funded element of the service and is due to turnover in employee costs.

5.6 Primary Care

- 5.6.1 Primary Care shows an underspend position of £5.689m.
- 5.6.2 Prescribing is currently reporting an underspend of £5.979m. Prescribing volumes have been lower than anticipated with a projected outturn average volume growth of 2% against a budget of 3%. Price per item is also lower due to price tariff adjustments, the lower cost of Apixaban, aggressive market conditions and other global factors. A savings target of £4.6m has been set for 2025/26. Pharmacy teams and GPs are working hard to secure these savings, and progress will continue to be monitored by the relevant management teams.

6. Forecast Position

- 6.1 At the November IJB a forecasted overspend of £6.9m was reported. To reduce this projected overspend position, spending controls are being strictly applied, and recovery planning is in place for areas of overspend, with a particular focus on Mental Health Inpatients and pressures within Children and Families.
- 6.2 A further review of outturns has been undertaken and projected spend has decreased from the £6.9m reported in November to an overspend of £3.6m. This is due to a decrease of £3.5m in prescribing costs. £2.2m of this decrease relates to the anticipated savings from Dapagliflozin becoming generic. £0.7m is due to volumes being lower than budget assumptions and the remaining balance relates to increases in projected rebates/discounts due.

7. Reserve Balances

- 7.1 On 1st April the IJB had a balance of £24.279m in general reserves. The 2025-26 budget strategy plans to deliver an underspend of £8.3m to support budget smoothing in relation to the planned increase in superannuation rates in 2026-27. If this is secured during 2025-26 this will increase general reserves to £32.6m, which would be 1.8% of net expenditure. The current forecast overspend position represents a risk to this strategy.

8. Action

- 8.1 The Chief Officer, along with the Health and Social Care Partnership Senior Management Team continues to manage and review the budget across all areas of the Partnership.

OFFICIAL

OFFICIAL

8.2 This will be the subject of updates to future IJB meetings.

9. Conclusion

9.1 Net expenditure is £0.656m higher than budget to date.

10. Recommendations

10.1 The Integration Joint Board is asked to:

- a) Note the contents of this report;
- b) Approve the budget changes at section 3; and
- c) Note the summary of current Directions (Appendix 2).

Direction from the Glasgow City Integration Joint Board

1	Reference number	210126-9
2	Report Title	Glasgow City Integration Joint Board Budget Monitoring for Month 8 and Period 9 2025/26
3	Date direction issued by Integration Joint Board	21 January 2026
4	Date from which direction takes effect	21 January 2026
5	Direction to:	Glasgow City Council and NHS Greater Glasgow and Clyde jointly
6	Does this direction supersede, revise or revoke a previous direction – if yes, include the reference number(s)	Yes (reference number: 261125-9) Supersedes
7	Functions covered by direction	All functions outlined in Appendix 1 of the report,
8	Full text of direction	Glasgow City Council and NHS Greater Glasgow and Clyde jointly are directed to deliver services in line with the Integration Joint Board's Strategic Plan 2023-28, as advised and instructed by the Chief Officer and within the revised budget levels outlined in Appendix 1 including the recovery plan referenced in section 6.
9	Budget allocated by Integration Joint Board to carry out direction	As outlined in Appendix 1.
10	Performance monitoring arrangements	In line with the agreed Performance Management Framework of the Glasgow City Integration Joint Board and the Glasgow City Health and Social Care Partnership.
11	Date direction will be reviewed	18 March 2026
