**Older People's Residential Services -
Care Inspectorate Activity**

Purpose of Report:	To advise of the outcome of the inspections of Riverside Care Home, Victoria Gardens Care Home, and Orchard Grove Care Home, provided by Glasgow City HSCP, which were undertaken by the Care Inspectorate in June, July, and October 2025 respectively.
---------------------------	--

Background/Engagement:	<p>The introduction of the Regulation of Care (Scotland) Act 2001 has established a system of care regulation covering the registration and inspection of care services by the Care Inspectorate against a set of national care standards.</p> <p>Every care service in the country is clearly rated under a grading system which was introduced by Scotland's national care regulator. This is designed to make it easier for members of the public to check the quality and performance of a care service and make informed choice about whether to use it – or not.</p> <p>Following each inspection, each service is awarded a grade for measured outcomes based on the principles of the Health and Social Care Standards.</p> <p>The inspection schedule in 2025 focused on the standard inspection methodology as published by Care Inspectorate.</p>

6. Service improvement Plan

- 6.1. No actions plans were required to be submitted to the Care Inspectorate following these inspections.
- 6.2. HSCP directly provided care homes and day care services are committed to a robust strategy of continuous improvement, measured through the Service Improvement Plan, which is reviewed by Older People's Residential senior management team monthly in collaboration with the cycle of improvement and development visits by the OPR Improvement, Development, and Innovation Team.
- 6.3. This team work closely with HSCP Older Peoples operational service management, providing improvement support for tests of change and conduct development visits to each service. The team employ an internal inspection schedule, in addition to priority action visits wherein the benefit of additional support and scrutiny has been identified. Furthermore, the team supports scheduled visits by the HSCP Care Home Quality Assurance team.
- 6.4. Development visits from the Improvement, Development, and Innovation team provide an additional layer of evaluation which can then lead into feedback and service improvement plans. Development visits have been prioritised based on an appreciative inquiry approach which seeks to identify key strengths within the service as well as areas for improvement. This is then reported through Care Home Governance meetings held 4-weekly providing a tier of scrutiny to improvement frameworks.
- 6.5. The Older People's Residential Senior Management Team regularly provide updates to the Care Inspectorate at the six weekly liaison meetings on the progress of this plan.
- 6.6. Key areas identified are reflected in service improvement planning to address the areas for improvement raised by the Care Inspectorate and for overall quality improvement.

7. Recommendations

7.1. The IJB Finance, Audit and Scrutiny is asked to:

- a) Note the audit findings in respect of three directly provided HSCP residential care homes; Riverside Care Home, Victoria Gardens Care Home, and Orchard Grove Care Home, and trends in relation to grades awarded.
