

Item No. 12

Meeting Date Wednesday 13th December 2023

**Glasgow City
Integration Joint Board
Finance, Audit and Scrutiny Committee**

Report By: Sharon Wearing, Chief Officer, Finance & Resources

Contact: Allison Eccles, Head of Business Development

Phone: 0141 287 6724

Risk Management Quarterly Update (Q2 2023/24)

Purpose of Report:

The purpose of this report is to provide an update to the IJB Finance, Audit and Scrutiny Committee on the status of the IJB's risk register and to highlight key operational risks being managed in the Glasgow City Health and Social Care Partnership.

This report covers the review carried out in respect of changes to risk in Quarter 2 (1 July 2023 to 30 September 2023).

Background/Engagement:

The risk registers maintained within the Partnership are regularly reviewed and updated by the relevant risk owners and an update reported to this Committee on a quarterly basis.

Governance Route:

The matters contained within this paper have been previously considered by the following group(s) as part of its development.

- HSCP Senior Management Team
- Council Corporate Management Team
- Health Board Corporate Management Team
- Council Committee
- Update requested by IJB
- Other
- Not Applicable

OFFICIAL

Recommendations:	The IJB Finance, Audit and Scrutiny Committee is asked to: a) note this report; and b) note the risks on the IJB Risk Register at the end of Quarter 2 2023-24.
-------------------------	---

Relevance to Integration Joint Board Strategic Plan:
Risks on the IJB Risk Register could impact on the delivery of the priorities of the IJB's Strategic Plan

Implications for Health and Social Care Partnership:

Reference to National Health & Wellbeing Outcome:	The maintenance of a risk management framework within the Partnership aligns with Outcome 9 (Resources are used effectively and efficiently in the provision of health and social care services).

Risk Implications:	Risks to the delivery of the Strategic Plan are identified in the IJB Risk Register
---------------------------	---

Implications for Glasgow City Council:	None
---	------

Implications for NHS Greater Glasgow & Clyde:	None
--	------

OFFICIAL

1. Purpose

- 1.1. The purpose of this report is to provide an update to the IJB Finance, Audit and Scrutiny Committee on the IJB Risk Register and to highlight key operational risks being managed in the Glasgow City Health and Social Care Partnership.
- 1.2. This report covers the review carried out in October 2023 in respect of changes to risk in Quarter 2 (Q2) (1 July 2023 to 30 September 2023).

2. Integration Joint Board Risk Register

- 2.1. The Integration Joint Board Risk Register is maintained and reported in line with the Glasgow City IJB Risk Management Policy.
- 2.2. The IJB Risk Register contains strategic risks that represent the potential for the IJB to achieve, or fail to meet, its desired outcomes and objectives as set out within the Strategic Plan. Typically, these risks require strategic leadership in the development of activities and application of controls to manage the risk.
- 2.3. There were no new risks added to the register during Q2.
- 2.4. There was one risk closed from the register during Q2.
 - *Ref 0514: Service delivery model uncertainty.* This risk was closed as has been on the register from before the IJB was formally in place and does not specify the “uncertainty” being mitigated, therefore assigning a probability to this is meaningless. A specific risk around the uncertainty arising from the proposed National Care Service (risk ID 2037) has been raised.
- 2.5. There was one risk where the current risk level increased during Q2
 - *Ref 0512: Delivery of Strategic Plan within budget.* The probability risk score has increased from 4 (Likely) to 5 (Almost Certain). An updated forecast overspend of £21.4m was brought to the [September IJB](#). The IJB agreed a Recovery Plan of £4.2m and this will now be monitored to bring spend back within planning assumptions.
- 2.6. There were no existing risks where the current risk level decreased during Q2.
- 2.7. At the conclusion of the October 2023 review there were 13 live risks on the register, with 7 risks having a current risk level of ‘Very High’, 4 risks with a risk level of ‘High’ and 2 risks with a risk level of ‘Medium’.
- 2.8. All risks on the IJB Risk Register at the end of Q2 are shown in Appendix A.

OFFICIAL

OFFICIAL

- 2.9. The next quarterly review of the IJB Risk Register is scheduled to be carried out in December 2023.

3. Key Operational Risks (Q2)

- 3.1. The HSCP's Health and Social Care Risk Registers are maintained and reported in line with the risk management policies and guidance of the partner bodies NHS Greater Glasgow & Clyde and Glasgow City Council.
- 3.2. The Health and Social Care Risk Registers contain operational risks that can be, if necessary, escalated to the Health Board or the Council's corporate risk registers. Where an operational risk has the potential to become a strategic risk to the IJB it can be escalated to the IJB Risk Register.
- 3.3. The Social Care Risk Register is also reviewed on a quarterly basis. Staff absence levels, budget pressures and increased demand in some services continued to be the most prevalent causes of operational risks across the Partnership in Q2.
- 3.4. There were 4 risks added to the register during Q2. Two of those risks were added to the register to reflect the economic pressures that continue to impact on the cost of care. Other risks added to the register were in relation to increased staff absence levels and low uptake of COVID 19 vaccination boosters.
- 3.5. At the end of Q2 there were **39** 'live' risks on the Social Care Risk Register, with **17** risks having a current risk level of 'Very High, **17** risks with a risk level of High and **5** with a risk level of Medium.
- 3.6. A detailed review of Health operational risks across the Partnership was carried out in October 2023. There were 6 risks removed from the Health Risk Register, 3 of which related to staff shortages and recruitment issues in specific areas that have now stabilised.
- 3.7. At the end of Q2 there were **76** 'live' risks on the Health Risk Register, with **30** risks having a current risk level of 'Very High, **28** risks with a risk level of High, **17** with a risk level of Moderate and **1** risk with a risk level of 'Low'.
- 3.8. The next quarterly review of the Health and Social Care Risk Registers is scheduled to be carried out in December 2023.

4. Recommendations

- 4.1. The IJB Finance, Audit and Scrutiny Committee is asked to:
- a) note this report; and
 - b) note the risks on the IJB Risk Register at the end of Quarter 2 2023-24.

Ref	Title	Description	Risk Owner	Responsible Officer	Mitigation / Control	Residual Risk Assessment (Impact x Probability)	Residual Risk Score	Residual Risk Level	Notes
518	Purchased Providers financial stability	<p>RISK: Financial challenges faced by some provider organisations could destabilise them, render them financially unviable and result in them exiting the market</p> <p>CAUSE: Economic situation and outlook increasing volatility in the social care sector. Increasing costs on providers as employers coupled with ongoing recruitment and retention issues in the sector and limitations on Scottish Government funding increases budget pressures. Fuel and cost of living increases have compounded this, along with residual impacts of the COVID-19 pandemic.</p> <p>EFFECT: Threat to continuity of provided services and issues in availability of appropriate provision for service users. If providers exit the market, this would lead to enforced changes of provider with potentially little or no notice and lack of capacity in the sector may mean limited or no alternatives available (particularly for complex and specialist needs). This could lead to poorer outcomes or risk of harm to service users, significant operational and financial impact to the HSCP and significant impact on the delivery of the IJB's strategic objectives as set out in the Strategic Plan.</p>	Sharon Wearing	Geri McCormick	<ul style="list-style-type: none"> We are working closely with provider organisations to monitor impact and ensure continuity of services for our service users. We continue to ensure timeous regular payment to provider organisations - all increases in respect of Scottish Living Wage are passed on timeously. IJB identified funds to increase Children's Services providers despite no provision being made for a Scottish Living Wage increase in non-adult services. Enhanced Care Home Governance arrangements have been put in place across Greater Glasgow & Clyde, with oversight from a board wide Care Home Assurance Group that reports to both the NHS Strategic Executive Group and a national Care Home Oversight Group. In Glasgow City HSCP an additional Local Care Homes Group has been established, chaired by the Interim Chief Officer, that monitors and reviews output from daily safety huddles that cover both directly provided and purchased care homes. HSCP Commissioning officers continue to be engaged with providers and are actively involved in the enhanced governance arrangements. IJB has taken decision to apply to Residential services, an increase to no staffing cost an equivalent of 3.8% to mitigate energy cost pressures. 	4x3 Major/ Possible	12	High	<p>October 2023 No change to risk score. Replace title word "External" with "Purchased".</p>
2034	Resources required for National Care Service	<p>RISK: There is a risk the organisation cannot support the volume of resource required for the effective engagement with the Scottish Government proposal to design and establish a National Care Service (NCS)</p> <p>CAUSE: Staff and key individuals with existing operational roles and responsibilities are diverted to NCS activities; ambitious timescales for the design and implementation of the NCS</p> <p>EFFECT: Existing operational priorities and delivery are delayed or compromised; potential impact on delivering strategic priorities</p>	Sharon Wearing	Allison Eccles	<ul style="list-style-type: none"> Workload and resource monitoring continues to be undertaken across the partnership (for example, through one-to-one supervision) Ongoing review of support (including work undertaken and resources being used) required for NCS activity NCS Project Support proposal has been approved by the HSCP Executive Team Programme management structure established to ensure governance and oversight of NCS activity and demand, including HSCP Executive group, GCC Steering Group chaired by the LA Chief Executive and workstreams to focus on particular elements of the NCS Bill (Legal, Finance, HR etc.) 	4x3 Major/ Possible	12	High	<p>October 2023 Risk confirmed as accurate.</p>
