QUESTIONS

OFFICIAL - SENSITIVE: Operational
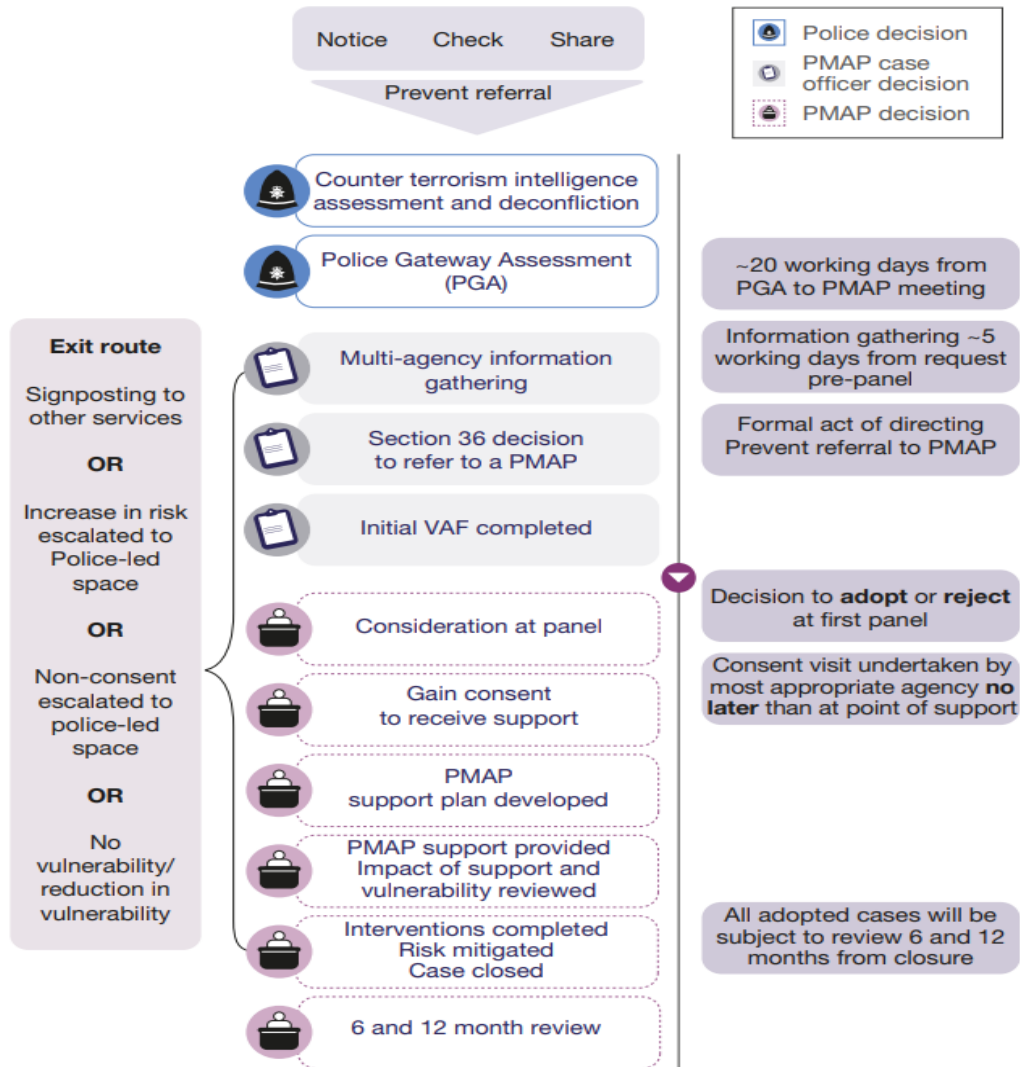

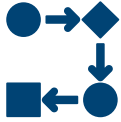

WHAT IS PREVENT?

- PREVENT is about safeguarding people and communities from the threat of terrorism.

- PREVENT is one pillar of CONTEST, the UK Government's counter-terrorism strategy.

- The Counter Terrorism and Security Act legally requires Glasgow City Council to have a Prevent Multi-Agency Panel (PMAP) in place with the sole purpose of providing support to those individuals who are identified as being susceptible to being drawn into terrorism.

- Individuals adopted into PMAP will have a multi-agency safeguarding plan put in place to ensure they get the necessary support.

- PMAP is a consent based approach
