

Item No. 16

Meeting Date

Wednesday 11th December 2024

**Glasgow City
Integration Joint Board
Finance, Audit and Scrutiny Committee**

Report By: Sharon Wearing, Chief Officer, Finance and Resources

Contact: Craig Cowan, Head of Business Development

Phone: 0141 287 6724

Public Bodies Climate Change Duties Report 2023-24

Purpose of Report:

To present Glasgow City Integration Joint Board's (IJB) Public Bodies Climate Change Duties Report 2023 - 2024 which has been submitted to the Scottish Government by the deadline of 30th November 2024.

Background/Engagement:

As a designated public body subject to the Climate Change (Scotland) Act 2009 the IJB is required to submit an annual report on its compliance with climate change duties.

Governance Route:

The matters contained within this paper have been previously considered by the following group(s) as part of its development.

- HSCP Senior Management Team ☐
 Council Corporate Management Team ☐
 Health Board Corporate Management Team ☐
 Council Committee ☐
 Update requested by IJB ☐
 Other ☐
 Not Applicable ☒

Recommendations:

The IJB Finance, Audit and Scrutiny Committee is asked to:
 a) Note the contents of the report; and

OFFICIAL

	b) Note that the IJB's Public Bodies Climate Change Duties Report 2023-24 has been submitted to the Scottish Government following approval by the Chief Officer, Finance and Resources, acting under delegated authority.
--	---

Relevance to Integration Joint Board Strategic Plan:

None – relates to matters of governance

Implications for Health and Social Care Partnership:

Reference to National Health & Wellbeing Outcome:	None – relates to matters of governance
--	---

Personnel:	None – relates to matters of governance
-------------------	---

Carers:	None – relates to matters of governance
----------------	---

Provider Organisations:	None – relates to matters of governance
--------------------------------	---

Equalities:	None – relates to matters of governance
--------------------	---

Fairer Scotland Compliance:	None – relates to matters of governance
------------------------------------	---

Financial:	None – relates to matters of governance
-------------------	---

Legal:	The Climate Change (Duties of Public Bodies: Reporting Requirements) (Scotland) Order 2015 requires public bodies to prepare reports on compliance with climate change duties, which includes Integration Joint Boards.
---------------	---

Economic Impact:	None – relates to matters of governance
-------------------------	---

Sustainability:	None – relates to matters of governance
------------------------	---

Sustainable Procurement and Article 19:	None – relates to matters of governance
--	---

Risk Implications:	N/A
---------------------------	-----

Implications for Glasgow City Council:	N/A
---	-----

Implications for NHS Greater Glasgow & Clyde:	N/A
--	-----

OFFICIAL

OFFICIAL

1. Purpose

- 1.1. To present Glasgow City Integration Joint Board's (IJB) Public Bodies Climate Change Duties Report 2023-24 which has been submitted to the Scottish Government by the deadline of 30th November 2024.

2. Background

- 2.1. The Scottish Parliament passed the Climate Change (Scotland) Act in 2009. Part 4 of the Act states that a "public body must, in exercising its functions, act; in the way best calculated to contribute to the delivery of (Scotland's climate change) targets; in the way best calculated to help deliver any (Scottish adaptation programme); and in a way that it considers most sustainable."
- 2.2. The three elements of public bodies' climate change duties include:
 - Mitigation – reducing greenhouse emissions
 - Adaptation – adapting to the impacts of a changing climate
 - Acting sustainable – sustainable development as a core value
- 2.3. The Climate Change (Duties of Public Bodies: Reporting Requirements) (Scotland) [Order 2015](#) came into force in November 2015 as secondary legislation made under the Climate Change (Scotland) Act 2009. The order which was amended in [2020](#) requires public bodies to prepare reports on compliance with climate change duties. This includes 'an integration joint board established by order under section 9(2) of the Public Bodies (Joint Working) (Scotland) Act 2014(c).'

3. Glasgow City IJB Climate Change Duties Report 2023-24

- 3.1. Glasgow City IJB's Public Bodies Climate Change Duties Report (PBCCD) 2023-24 is appended to this report.
- 3.2. The accountability and responsibility for climate change governance, management, and strategy (including risk management and reporting) in relation to the delivery of Council and Health Board services is not a function devolved to the IJB and lies with the partner statutory bodies: Glasgow City Council and NHS Greater Glasgow and Clyde. Both partner bodies submit a PBCCD report that details this.
- 3.3. Glasgow City IJB's PBCCD report 2023-24 reflects the arrangements as set in paragraph 3.2 and associated guidance for completing the report makes clear that it is acceptable to state this in the report.
- 3.4. The submission date for the PBCCD report to Scottish Government was 30 November 2024. To meet this timescale, it has been approved and submitted by the Chief Officer, Finance and Resources, and is presented to this Committee for noting.

OFFICIAL

OFFICIAL

- 3.5. Previous reports from all public bodies are hosted on the Sustainable Scotland Network website and can be viewed [here](#). The most recent [annual analysis report is 2022/23](#) is also available to view.
- 3.6. There were some changes in the guidance for IJB completion for this year's return, this was mainly requesting links to partner body reports, strategies and targets which was provided in the requested fields. Details can be read in the document [SSN Guidance on Public Bodies Climate Change Duties Annual Reporting](#).

4. Recommendations

- 4.1. The IJB Finance, Audit and Scrutiny Committee is asked to:
- a) Note the contents of the report; and
 - b) Note that the IJB's Public Bodies Climate Change Duties Report 2023-24 has been submitted to the Scottish Government following approval by the Chief Officer, Finance and Resources, acting under delegated authority.

OFFICIAL

Public Bodies Climate Change Duties Compliance Reporting **Financial Year** Template 2023/24**1. Overview**

This template is provided for public bodies required to report annually in accordance with the Climate Change (Duties of Public Bodies Reporting Requirements) (Scotland) Order 2015, as amended by the Climate Change (Duties of Public Bodies: Reporting Requirements) (Scotland) Amendment Order 2020 which took effect for reporting periods commencing on or after 1 April 2021.

Reports must be submitted to ccreporting@ed.ac.uk by 30th November. Late submissions will not be accepted for analysis and may be deemed non-compliant with Public Bodies Duties reporting requirements.

**2. Guidance**

1. Please **do not delete any cells, rows or columns**. This may corrupt the template/data and compromise analysis. You can hide any extra rows within tables.
2. Please complete the new "Boundary info" tab. This will enable improved assessment of data coverage and inform SSN analysis.
3. The "Profile of Body" tab must be completed before proceeding to add any other data.
4. To ensure that the correct emission factors are applied please ensure that you are using the correct template for the reporting year type under Q1f. If your organisation reports according to the academic year, usually August to July, you must use the Academic Year template.
5. If you need to add more rows in any table please email the file to ccreporting@ed.ac.uk
6. In Q3b emissions sources can be filtered by type in Column C. The list of available factors is visible on the Emission Factors tab. Please do not edit this list, use "other" if an EF is not available.
7. Only use the "other" rows when there is no relevant emission source available in the dropdown list or if you have bespoke data/emission factors. Please provide a brief explanation in the comment.
8. Water supply and treatment (sewage) emission factors are based on Scottish Water's carbon intensities for service supply. If you wish to use UK factors you need to enter manually in an "Other" row.
9. More detailed guidance is available on the SSN website

3. Colour Coding used in the template

	Uneditable/fixed entry cell
	Editable cell

OFFICIAL

Public Bodies Climate Change Duties Compliance Reporting Template 2023/24 FY

Please answer all questions below with respect to the public body's reporting boundary for the reporting period.

The information is intended to improve data coverage and inform analysis, in particular, to help identify data gaps.

There are 3 response options:

YES - where data is available and is reported

NA - where a category is relevant but no data is available

NO - the category is not relevant

Any points of clarification can be added in the comments field for the corresponding emission source(s) in Table 3b on the Emissions tab.

Category		Select from dropdown list
Owned estate	Are any buildings owned by the public body?	No
Managed services	Are building services managed on behalf of another public body that shares or leases space?	No
Leased premises - public	Are building services managed and provided by another public body?	No
Leased premises - private	Are building services managed and provided by a private landlord?	No
Streetlighting	Are streetlights owned or operated?	No
Fleet and equipment	Are any vehicles or fossil-fueled machinery or equipment owned or leased, excludes short-term or infrequent hires?	No
Refrigerants/F-gases	Are there any air conditioning or refrigeration systems that require refrigerant gas top-ups?	No
Medical gases	Are medical gases used?	No
Business travel - private	Do staff undertake business travel by private car?	No
Business travel - flights	Do staff undertake any business travel by plane?	No
Homeworking	Do staff work from home - including hybrid?	No
Supply chain	Are any goods or services purchased?	No
Land use	Are more than 10 hectares of land owned or managed for public services provision, including for research or recreation?	No
Waste services	Is the public body responsible for collecting household or municipal waste?	No

Budget for Finanical Year 2023/24 (April 23 to March 24)

1g Context

Provide a summary of the body's nature and functions that are relevant to climate change reporting.

In line with the Public Bodies (Joint Working) (Scotland) Act 2014 (and further to minimum requirements) Glasgow City Council and NHS Greater Glasgow and Clyde have integrated the planning and delivery of all community health and social care services, including services for children, adults and older people, along with homelessness and criminal justice services. The strategic planning and monitoring of these services have been delegated by the Council and Health Board to the Glasgow City IJB, which then directs the Council and Health Board to deliver these services in line with its Strategic Plan and defined level of financial resources. Most services are for Glasgow City, but some cover the entire NHS Greater Glasgow and Clyde Board area (for example, sexual health services). The resident population of Glasgow City is 631,970 and NHS Greater Glasgow and Clyde is 1,193,420 (NRS 2023 mid year population estimates).The accountability and responsibility for climate change governance, management and strategy in relation to the delivery of Council and Health Board services (including community health and social care) lies with Glasgow City IJB's partner statutory bodies, Glasgow City Council and NHS Greater Glasgow and Clyde.

Both Glasgow City Council and NHS Greater Glasgow and Clyde submit a Public Bodies Climate Change Duties Report.

OFFICIAL

Public Sector Report on Compliance with Climate Change Duties 2024 Template FY

PART 2 Governance, Management and Strategy

Governance and management

2a How is climate change governed in the body?

Provide a summary of the roles performed by the body's governance bodies and members in relation to climate change. If any of the body's activities in relation to climate change sit outside its own governance arrangements (in relation to, for example, land use, adaptation, transport, business travel, waste, information and communication technology, procurement or behaviour change), identify these activities and the governance arrangements. Provide a diagram / chart to outline the governance structure within the body.

The accountability and responsibility for climate change governance in relation to the delivery of Council and Health Board services (including community health and social care) lies with Glasgow City UB's partner statutory bodies, Glasgow City Council and NHS Greater Glasgow and Clyde. The partner bodies have a Board (Glasgow City Council) or Planning and Implementation Group (NHS Greater Glasgow and Clyde) linked to governance decision-making structures and other relevant groups (e.g., capital planning), which broadly oversee and co-ordinate strategic sustainability planning, climate change adaptation and service improvement, including risk management, communications/engagement activity with staff and the public, monitoring and performance reporting and scrutiny. Both Glasgow City Council and NHS Greater Glasgow and Clyde submit a Public Bodies Climate Change Duties Report that will detail this, but the arrangements are broadly outlined below.

Glasgow City Council - Glasgow City's ambition is to build a more Sustainable Glasgow and reduce carbon emissions, while reversing ecological decline and adapting to the impacts of climate change. During any reporting year Glasgow's key actions within policy and project development require approval at Council Committee to ensure political oversight of direction. Formal reporting on carbon reduction, energy, sustainability and climate adaptation is regularly provided to the Net Zero and Climate Progress Monitoring City Policy Committee and City Administration Committee. These Committees include elected members from all political groups who provide an active role in commenting on progress and shaping decisions. At Corporate Management level, the Executive Director of Neighbourhoods Regeneration & Sustainability has responsibility for net zero targets and climate resilience, championing and providing leadership in these areas. This is delivered through a Climate & Sustainability Board including directors from each of the Council services. The board governs the Climate & Sustainability workplan managing project issues by exception and providing resolution to issues. Beneath this board sits The Climate & Sustainability Scoping Group, the scoping group screens new projects and decides whether these need board approval to be brought onto the programme.

NHS Greater Glasgow and Clyde - The Sustainability Governance Group oversees the climate change and sustainability agenda by developing and coordinating work streams that support NHS Scotland's and NHS GGC's Climate Change and Sustainability Strategy to ensure its corporate and operational activities are carried out in a compliant manner, while promoting sustainable development as the driver to achieve net zero by improving processes and technology, where practicable. The group is chaired by the Director of Estates & Facilities with subject matter leads are in attendance. Climate Change and Sustainability is overseen by the Boards Sustainability Governance Group, which the exec champion chairs. The group reports into the Corporate Management Team then Financial Planning & Performance Committee, and then onto the Board.

NHS GGC's goal is to improve the environmental, financial and social performance of its assets and services for our patients, staff and visitors through continuous improvement, in turn achieving carbon reduction targets.

The Group coordinates output and strategic working groups that align and deliver progress on the SDG's. The groups will develop policy and strategy for their respective work stream and report accordingly to the sustainability group on risks, opportunities, projects, initiatives, training and communications. The key performance indicators (KPI's) from the Governance Group will form part of the Boards Annual Report and direct the Sustainable Development Strategy. The KPI's being:

- Reduce our environmental impact and achieve net zero targets.
- Utilise sustainable development as a means to improve our financial performance.
- Improve societal wellbeing for local communities, patients, staff and visitors by establishing an anchor organisation culture.

SSN Reports for Glasgow City Council <https://sustainablescotlandnetwork.org/reports/glasgow-city-council>

2b How is climate change action managed and embedded in the body?

Provide a summary of how decision-making in relation to climate change action by the body is managed and how responsibility is allocated to the body's senior staff, departmental heads etc. If any such decision-making sits outside the body's own governance arrangements (in relation to, for example, land use, adaptation, transport, business travel, waste, information and communication technology, procurement or behaviour change), identify how this is managed and how responsibility is allocated outside the body. Provide a diagram to show how responsibility is allocated to the body's senior staff, departmental heads etc.

Glasgow City Council - Formal reporting on carbon reduction, energy, sustainability and climate adaptation is regularly provided to the Net Zero Committee and to the City Administration Committee for strategic decisions. These Committees include elected members from all political groups who provide an active role in commenting on progress and shaping decisions. The Executive Director of Neighbourhoods, Regeneration and Sustainability is the council corporate champion for climate action and chairs a number of senior management meetings, including the Sustainability and Climate Change Board. The Climate Board, supported by the developing Sustainability PMO, provides over-arching scrutiny and governance for sustainability, net zero, climate adaptation and ecological emergency action at officer level. The Head of Sustainability chairs a number of internal and external meetings to discuss strategic decisions across the City Council in relation to climate change mitigation and adaptation. The Divisional Director for Planning and Sustainability works closely with the Head of Sustainability, chairing internal and external meetings to help drive forward action on climate change and embed sustainability across organisational strategy.

OFFICIAL

Strategy

2c Does the body have specific climate change mitigation and adaptation objectives in its corporate plan or similar document?

Provide a brief summary of objectives if they exist.

Wording of objective	Name of document	Document Link

2d Does the body have a climate change plan or strategy?

If yes, provide the name of any such document and details of where a copy of the document may be obtained or accessed.

The accountability and responsibility for climate change governance, management and strategy in relation to the delivery of Council and Health Board services (including community health and social care) lies with Glasgow City IJB's partner statutory bodies, Glasgow City Council and NHS Greater Glasgow and Clyde. Both Glasgow City Council and NHS Greater Glasgow and Clyde submit a Public Bodies Climate Change Duties Report that will detail this.

2f What are the body's top 5 priorities for climate change governance, management and strategy for the year ahead?

Provide a brief summary of the body's areas and activities of focus for the year ahead.

The accountability and responsibility for climate change governance, management and strategy in relation to the delivery of Council and Health Board services (including community health and social care) lies with Glasgow City IJB's partner statutory bodies, Glasgow City Council and NHS Greater Glasgow and Clyde. Both Glasgow City Council and NHS Greater Glasgow and Clyde submit a Public Bodies Climate Change Duties Report that will detail this.

2g Has the body used the Climate Change Assessment Tool (a) or equivalent tool to self-assess its capability / performance?

If yes, please provide details of the key findings and resultant action taken.

(a) This refers to the tool developed by Resource Efficient Scotland for self-assessing an organisation's capability / performance in relation to climate change.

The accountability and responsibility for climate change governance, management and strategy in relation to the delivery of Council and Health Board services (including community health and social care) lies with Glasgow City IJB's partner statutory bodies, Glasgow City Council and NHS Greater Glasgow and Clyde. Both Glasgow City Council and NHS Greater Glasgow and Clyde submit a Public Bodies Climate Change Duties Report that will detail this.

Further information

2h Supporting information and best practice

Provide any other relevant supporting information and any examples of best practice by the body in relation to governance, management and strategy.

The accountability and responsibility for climate change governance, management and strategy in relation to the delivery of Council and Health Board services (including community health and social care) lies with Glasgow City IJB's partner statutory bodies, Glasgow City Council and NHS Greater Glasgow and Clyde. Both Glasgow City Council and NHS Greater Glasgow and Clyde submit a Public Bodies Climate Change Duties Report that will detail this.

OFFICIAL

3b Breakdown of emissions sources Please refrain from deleting rows or columns anywhere in this template. This workbook is password protected to prevent this and should not be unlocked.

Complete the following table with the breakdown of emission sources from the body's most recent carbon footprint (greenhouse gas inventory); this should correspond to the last entry in the table in 3(a) above. Use the 'Comments' column to explain what is included within each category of emission source entered in the first column. If there is no data consumption available for an emission source enter the emissions in kgCO2e in the 'Consumption' column of one of the "Other" rows and assign the scope and an emission factor of 1.

(a) Emissions factors are published annually by the UK Department for Energy Security & Net Zero

Emission Factor Year

2023

You can filter emission sources by "type" in column C to enable quicker selection of emission source in column D. See the list in the Emissions Tab.

User defined emission sources can be entered in rows 131 onwards. Please only use these if you cannot find a relevant emission source in the dropdown list or you have a bespoke emission factor or non-standard derivation of emissions e.g. based on a survey/consumption data. If you require extra rows in the table please send the template to ccreporting@ed.ac.uk.

Total		-	

3j Total carbon reduction project savings since the start of the year which the body used as a baseline for its carbon footprint
If the body has data available, estimate the total emissions savings made from projects since the start of that year ("the baseline year").

Total savings	Total estimated emissions savings (tCO ₂ e)	Comments
Total project savings since baseline year		

Further information

3k Supporting information and best practice
Provide any other relevant supporting information and any examples of best practice by the body in relation to corporate emissions, targets and projects.

The accountability and responsibility for climate change governance, management and strategy in relation to the delivery of Council and Health Board services (including community health and social care) lies with the Glasgow City IJB's statutory bodies - Glasgow City Council and NHS Greater Glasgow and Clyde. Both Glasgow City Council and NHS Greater Glasgow and Clyde submit a Public Bodies Climate Change Duties Report that will detail this.

Glasgow City Health & Social Care Partnership (HSCP) contributes to Glasgow's Climate Plan and the ambition to be net-zero carbon by 2030 and NHS Greater Glasgow and Clyde's Sustainability Policy which aims to be a net-zero health service by 2040 at the latest.

Glasgow City IJB does not oversee spending plans for Glasgow City Council or NHS Greater Glasgow and Clyde.

Public Sector Report on Compliance with Climate Change Duties 2024 Template

PART 4 **Adaptation - please do not include information in this part on measures that solely reduce emissions with no implications for climate adaptation. These are climate mitigation measures which should be reported in the Emissions tab.**

Assessing and managing risk**4a Has the body assessed current and future climate-related risks?**

If yes, provide a reference or link to any such risk assessment(s).

The accountability and responsibility for climate change governance, management and strategy in relation to the delivery of Council and Health Board services (including community health and social care) lies with Glasgow City IJB's partner statutory bodies, Glasgow City Council and NHS Greater Glasgow and Clyde. Both Glasgow City Council and NHS Greater Glasgow and Clyde submit a Public Bodies Climate Change Duties Report that will detail this.

4b What arrangements does the body have in place to manage climate-related risks?

Provide details of any climate change adaptation strategies, action plans and risk management procedures, and any climate change adaptation policies which apply across the body.

The accountability and responsibility for climate change governance, management and strategy in relation to the delivery of Council and Health Board services (including community health and social care) lies with Glasgow City IJB's partner statutory bodies, Glasgow City Council and NHS Greater Glasgow and Clyde. Both Glasgow City Council and NHS Greater Glasgow and Clyde submit a Public Bodies Climate Change Duties Report that will detail this.

OFFICIAL

Taking action

4c What action has the body taken to adapt to climate change?

Include details of work to increase awareness of the need to adapt to climate change and build the capacity of staff and stakeholders to assess risk and implement action. The body may wish to make reference to the Scottish Climate Change Adaptation Programme ("the Programme").

The accountability and responsibility for climate change governance, management and strategy in relation to the delivery of Council and Health Board services (including community health and social care) lies with Glasgow City IJB's partner statutory bodies, Glasgow City Council and NHS Greater Glasgow and Clyde. Both Glasgow City Council and NHS Greater Glasgow and Clyde submit a Public Bodies Climate Change Duties Report that will detail this.

4d Where applicable, what contribution has the body made to helping deliver the Programme?

Provide any other relevant supporting information

n/a

OFFICIAL

Review, monitoring and evaluation**4e What arrangements does the body have in place to review current and future climate risks?**

Provide details of arrangements to review current and future climate risks, for example, what timescales are in place to review the climate change risk assessments referred to in Question 4(a) and adaptation strategies, action plans, procedures and policies in Question 4(b).

The accountability and responsibility for climate change governance, management and strategy in relation to the delivery of Council and Health Board services (including community health and social care) lies with Glasgow City IJB's partner statutory bodies, Glasgow City Council and NHS Greater Glasgow and Clyde. Both Glasgow City Council and NHS Greater Glasgow and Clyde submit a Public Bodies Climate Change Duties Report that will detail this.

4f What arrangements does the body have in place to monitor and evaluate the impact of the adaptation actions?

Please provide details of monitoring and evaluation criteria and adaptation indicators used to assess the effectiveness of actions detailed under Question 4(c) and Question 4(d).

n/a

OFFICIAL

Future priorities for adaptation

4g

What are the body's top 5 climate change adaptation priorities for the year ahead?

Provide a summary of the areas and activities of focus for the year ahead.

The accountability and responsibility for climate change governance, management and strategy in relation to the delivery of Council and Health Board services (including community health and social care) lies with Glasgow City IJB's partner statutory bodies, Glasgow City Council and NHS Greater Glasgow and Clyde. Both Glasgow City Council and NHS Greater Glasgow and Clyde submit a Public Bodies Climate Change Duties Report that will detail this.

Further information

4h

Supporting information and best practice

Provide any other relevant supporting information and any examples of best practice by the body in relation to adaption.

Public Sector Report on Compliance with Climate Change Duties 2024 Template

PART 5 Procurement

5a How have procurement policies contributed to compliance with climate change duties?

Provide information relating to how the procurement policies of the body have contributed to its compliance with climate changes duties.

The Glasgow City IJB has no legal basis on which to procure community health and social care services. This is a function of Glasgow City Council and NHS Greater and Glasgow. Both Glasgow City Council and NHS Greater Glasgow and Clyde submit a Public Bodies Climate Change Duties Report that will detail this.

5b How has procurement activity contributed to compliance with climate change duties?

Provide information relating to how procurement activity by the body has contributed to its compliance with climate changes duties.

The Glasgow City IJB has no legal basis on which to procure community health and social care services. This is a function of Glasgow City Council and NHS Greater and Glasgow. Both Glasgow City Council and NHS Greater Glasgow and Clyde submit a Public Bodies Climate Change Duties Report that will detail this.

Further information

5c Supporting information and best practice

Provide any other relevant supporting information and any examples of best practice by the body in relation to procurement.

PART 6 Validation and Declaration

6a Internal validation process

Briefly describe the body's internal validation process, if any, of the data or information contained within this report.

The accountability and responsibility for climate change governance, management and strategy in relation to the delivery of Council and Health Board services (including community health and social care) lies with Glasgow City IJB's partner statutory bodies, Glasgow City Council and NHS Greater Glasgow and Clyde. Therefore, Glasgow City IJB's Public Bodies Climate Change Duties Report has been shared with the Council's and Health Board's officers who submit their respective reports

6b Peer validation process

Briefly describe the body's peer validation process, if any, of the data or information contained within this report.

n/a

6c External validation process

Briefly describe the body's external validation process, if any, of the data or information contained within this report.

n/a

6d No Validation Process

If any information provided in this report has not been validated, identify the information in question and explain why it has not been validated.

n/a

6e Declaration

I confirm that the information in this report is accurate and provides a fair representation of the body's performance in relation to climate change.

Name:	Sharon Wearing
Role in the body:	Chief Officer Finance and Resources
Date:	18/11/2024

Date in format (dd/mm/yyyy)

Recommended Reporting: Reporting on Wider Influence

Wider Impact and Influence on GHG Emissions

Q1) Historic Emissions (Local Authorities Only)

Please indicate emission amounts and unit of measurement (e.g. tCO₂e) and years. Please provide information on the following components using data from the links provided below. Please use (1) as the default unless targets and actions relate to (2).

Please note : territorial emissions of carbon dioxide (CO₂), methane (CH₄) and nitrous oxide (N₂O) are provided, but not fluorinated gases, which are also included in the UK territorial greenhouse gas emissions statistics. Prior to the 2005 to 2020 publication the statistics covered emissions of carbon dioxide only

(1) UK local and regional CO₂e emissions: **subset dataset** (emissions within the scope of influence of local authorities):

(2) UK local and regional CO₂e emissions: **full dataset**:
