

**Item No. 20**

**Meeting Date Wednesday 11<sup>th</sup> September 2024**

**Glasgow City  
Integration Joint Board  
Finance, Audit and Scrutiny Committee**

**Report By: Sharon Wearing, Chief Officer, Finance & Resources**

**Contact: Craig Cowan, Head of Business Development**

**Phone: 0141 287 8726**

**Risk Management Quarterly Update (Q1 2024/25)**

**Purpose of Report:**

The purpose of this report is to provide an update to the IJB Finance, Audit and Scrutiny Committee on the status of the IJB's risk register and to highlight key operational risks being managed in the Glasgow City Health and Social Care Partnership.

This report covers the review carried out in respect of changes to risk in Quarter 1 (1 April 2024 to 30 June 2024).

**Background/Engagement:**

The risk registers maintained within the Partnership are regularly reviewed and updated by the relevant risk owners and an update reported to this Committee on a quarterly basis.

**Governance Route:**

The matters contained within this paper have been previously considered by the following group(s) as part of its development.

- HSCP Senior Management Team
- Council Corporate Management Team
- Health Board Corporate Management Team
- Council Committee
- Update requested by IJB
- Other
- Not Applicable

**OFFICIAL**

<b>Recommendations:</b>	The IJB Finance, Audit and Scrutiny Committee is asked to: a) note this report; and b) note the risks on the IJB Risk Register at the end of Quarter 1 2024-25.
-------------------------	---

<b>Relevance to Integration Joint Board Strategic Plan:</b>
Risks on the IJB Risk Register could impact on the delivery of the priorities of the IJB's Strategic Plan.

**Implications for Health and Social Care Partnership:**

<b>Reference to National Health &amp; Wellbeing Outcome:</b>	The maintenance of a risk management framework within the Partnership aligns with Outcome 9 (Resources are used effectively and efficiently in the provision of health and social care services).

## OFFICIAL

### 1. Purpose

- 1.1. The purpose of this report is to update the IJB Finance, Audit and Scrutiny Committee on the IJB Risk Register and to highlight key operational risks being managed in the Glasgow City Health and Social Care Partnership.
- 1.2. This report covers the review carried out in July 2024 in respect of changes to risks in Quarter 1 (Q1) which covers the period 1 April 2024 to 30 June 2024.

### 2. Integration Joint Board Risk Register

- 2.1. The Integration Joint Board Risk Register is maintained and reported in line with the Glasgow City IJB Risk Management Policy.
- 2.2. The IJB Risk Register contains strategic risks that represent the potential for the IJB to achieve, or fail to meet, its desired outcomes and objectives as set out within the Strategic Plan. Typically, these risks require strategic leadership in the development of activities and application of controls to manage the risk.
- 2.3. During Q1 there were no risks closed on the risk register.
- 2.4. There was 1 new risk added to the register during Q1:
  - *Ref 2500: Level of General IJB Reserves.* The risk owner reported that the level of demand and financial pressures facing the IJB is unprecedented and has required general reserves to be accessed to enable financial balance as part of the financial planning process. This has reduced the level of general reserves held at end of 2023/24 to 0.5% of net expenditure. The IJB's [Reserves Policy](#) is an aspiration to achieve a level of general reserves approximately 2% of net expenditure.
- 2.5. There was 1 risk on the register where the residual score has increased in Q1:
  - *Ref 2034: Resources required for National Care Service.* The residual score for this risk has increased from 9 (Moderate x Possible) to 16 (Moderate/Likely). The risk owner reported that the Scottish Government has published a substantial amount of information as part of Stage 2 of the Bill, which will likely require significant staff resource and time to analyse and support the development of the HSCP and IJB response.
- 2.6. There were no risk scores that decreased in Q1.
- 2.7. At the end of Q1 there were **15** live risks on the register, with **9** risks having a current risk level of 'Very High', **3** risks with a risk level of 'High' and **3** risks with a risk level of 'Medium'.
- 2.8. All risks on the IJB Risk Register at the end of Q1 are shown in Appendix A.

## OFFICIAL

## OFFICIAL

2.9. The next quarterly review of the IJB Risk Register is scheduled to be carried out in October 2024.

### 3. Key Operational Risks (Q1)

3.1. The HSCP's Health and Social Care Risk Registers are maintained and reported in line with the risk management policies and guidance of the partner bodies NHS Greater Glasgow & Clyde and Glasgow City Council.

3.2. The Health and Social Care Risk Registers contain operational risks that can be escalated to the Health Board or the Council's corporate risk registers if necessary. Where an operational risk has the potential to become a strategic risk to the IJB it can also be escalated to the IJB Risk Register.

3.3. The impact of budget pressures, ongoing pressures in Homelessness and Asylum services and the impact of welfare reform on income continued to be the most prevalent causes of operational risks across the Partnership in Q1.

3.4. At the end of Q1 there were **38** 'live' risks on the Social Care Risk Register, with **16** risks having a current risk level of 'Very High, **14** risks with a risk level of High and **8** with a risk level of Medium.

3.5. At the end of Q1 there were **65** 'live' risks on the Health Risk Register, with **21** risks having a current risk level of 'Very High, **18** risks with a risk level of High and **26** with a risk level of Moderate.

3.6. The next quarterly review of the Health and Social Care Risk Registers is scheduled to be carried out in October 2024.

### 4. Recommendations

4.1. The IJB Finance, Audit and Scrutiny Committee is asked to:

- a) note this report; and
- b) note the risks on the IJB Risk Register at the end of Quarter 1 2024-25

Ref	Title	Description	Risk Owner	Responsible Officer	Mitigation / Control	Residual Risk Assessment (Impact x Probability)	Residual Risk Score	Residual Risk Level	Notes
934	Deliverability of Primary Care Improvement Plan (PCIP)	<p><b>RISK:</b> Failure to deliver transformation of Primary Care services as specified in the Primary Care Improvement Plan (PCIP)</p> <p><b>CAUSE:</b> Insufficient funding and risk that current funding may be reduced due to financial pressures, affordability, shortage of resources (qualified staff, suitable accommodation), lack of appropriate digital solution to support plan, unable to maintain sustainability, unable to quantify evidence of impact, lack of capacity of general practice to engage with PCIP because of problems with staffing and high levels of demand.</p> <p><b>EFFECT:</b> Impact on the delivery of the IJB's Strategic Plan and priorities resulting in negative impact on service users and patients and possible reputational or financial impact to the IJB.</p>	Jackie Kerr (HSCP)	Gary Dover	<p>Measures necessary to remain within budget include and to mitigate the lack of qualified staff include:</p> <ul style="list-style-type: none"> <li>• Development of Financial Strategy for PCIP</li> <li>• Temporarily stopping and/or phasing recruitment</li> <li>• Withdrawing from (or reducing the length of) contracts with external providers</li> <li>• Making local vacancy approval processes more efficient</li> <li>• Developing alternative skill mix models and more efficient ways of delivering services</li> <li>• Recruiting into trainee posts and supporting less experienced staff to obtain necessary experience.</li> <li>• Supporting GP capacity to engage with PCIP: NHS GGC Sustainability Plan and Escalation Framework established</li> <li>• Continue work with wider system to identify how we can support sustainability of general practice.</li> <li>• Quantifying impact to be measured through PCIP Evaluation</li> </ul>	4x5 Major/ Almost Certain	20	Very High	July 2024 - Inherent score previously inaccurate and corrected to reflect current position in relation to risk.
2233	2022/23 Local Government pay award	<p><b>RISK:</b> Legacy impact of lack of funding for additional costs associated with the 22/23 local government pay settlement on future year budgets</p> <p><b>CAUSE:</b> The pay settlement agreed by Scottish Government was higher than the original planning assumptions for the 22/23 budget and the HSCP's share of the Scottish Government funding to local authorities for the 22/23 pay settlement (£9.9m) was not passed on by Glasgow City Council.</p> <p><b>EFFECT:</b> Additional savings of £9.9m were required to be identified to deliver a balanced budget in 23/24. This has impacted on the services which will be delivered in 23/24. This failure of passing on funding will have a legacy impact on the 24/25 budget.</p>	Sharon Wearing	Margaret Hogg	<ul style="list-style-type: none"> <li>• The Chief Finance Officer has written to the Council's Executive Finance Director setting out the HSCP position and implications</li> <li>• The Chief Officer and Chief Finance Officer have continued dialogue with Glasgow City Council's Chief Executive, setting out risk and potential impact of any decision to withhold allocated funding from Scottish Government for the 2022/23 pay settlement.</li> <li>• The impact for the 22/23 out-turn and the 23/24 budget was reported to the IJB in March 2023. this required additional service reduction of £9.9m to be put in place to deliver a balanced budget.</li> <li>• The Chair continues to have discussions with Glasgow City Council in relation to this issue.</li> </ul>	4x5 Major/ Almost Certain	20	Very High	July 2024 - Risk confirmed as accurate.

OFFICIAL

IJB Risk Register (as at July 2024)

Ref	Title	Description	Risk Owner	Responsible Officer	Mitigation / Control	Residual Risk Assessment (Impact x Probability)	Residual Risk Score	Residual Risk Level	Notes
2240	Reputational and legal impacts arising from homelessness savings plans considered in IJB report June 2023.	<p><b>RISK:</b> limiting the availability of emergency accommodation could result in a breach of statutory duties and increase number of rough sleepers in the city</p> <p><b>CAUSE:</b> Requirement to reduce costs associated with hotel and B n B accommodation. Continually increasing demand, new legislation and a significant increase in positive asylum decisions. Additionally RSL providers are unable to keep up with demand and unable to provide the volume of accommodation required.</p> <p><b>EFFECT:</b> Service users seeking emergency accommodation in Glasgow will be affected however a breach of duties could result in matters escalating to judicial review, increased legal costs/resource, increase in rough sleeping and reputational damage on HSCP/Council</p>	Jim McBride; Frances McMeeking	Jim McBride	<ul style="list-style-type: none"> <li>Engagement sessions with RSL's continues to place focussing on maximising accommodation options in response to addressing the continuing homelessness challenges and increasing use of hotels and B&amp;B's.</li> <li>Engagement with Scottish Government on funding constraints</li> <li>Continued engagement with third sector partners operating in city centre has mobilised support arrangements and will be aligned to the All in for Glasgow redesign sessions.</li> <li>RSL's have committed up to and where possible beyond 60% of their stock for homelessness provision which will remain under review via our monthly Rapid Rehousing Transition Plan (RRTP) strategic oversight group, quarterly local letting plan arrangements and fortnightly BnB Hotel budget oversight group.</li> <li>Engagement with third sector partners and Police Scotland operating in city centre has focused attention on the challenges and a requirement to target those most at risk and/or vulnerability.</li> <li>Additional resource including social care homelessness support and where necessary health care interventions are deployed within Simon Community Hub service with interference arrangements in place with Out of Hours.</li> <li>Routine meetings with Simon Community as our principal homelessness commissioned service identifies those at most need and ensures targeted approach to care planning arrangements with particular focus on rough sleepers.</li> <li>Weekly update reports from Simon Community will also determine rough sleeping trends ensuring oversight of any impact re homelessness savings plans.</li> <li>Homelessness service managers responsible for out of hours and community casework teams have developed a risk management approach ensuring consistency in our decision making for those most at risk ensuring offers of accommodation wherever necessary. This will remain subject to consideration via fortnightly BnB budget grip meeting.</li> <li>There is a weekly monitoring report /meeting with Simon Community to review any change in rough sleeping trends.</li> <li>Glasgow City Council declared a Housing Emergency in November 2023, in response NRS and the HSCP have agreed a draft action plan</li> </ul>	4x5 Major/ Almost Certain	20	Very High	July 2024 - No update to risk
2500	Level of IJB General Reserves	<p><b>RISK:</b> Good practice recommends that IJBs hold 2% in General Reserve. The IJB closed 2023/24 with a general reserve of £8.4m which is 0.5% of net expenditure.</p> <p><b>CAUSE:</b> The level of demand and financial pressures facing the IJB is unprecedented and has required general reserves to be accessed to support financial balance as part of financial planning. This has reduced the level of general reserves held.</p> <p><b>EFFECT:</b> It is important that sufficient general reserves are held in reserve to manage unanticipated pressures from year to year. Holding General Reserves significantly below the 2% target level represents a significant risk to the IJB. General Reserves offer the IJB some flexibility to deal with unforeseen events or emergencies. It is also important for the long term financial stability and the sustainability of the IJB that sufficient General Reserves are held in reserve to manage unanticipated pressures from year to year. The level of general reserves now hed will limit the ability to deal with unforeseen events.</p>	Sharon Wearing	Margaret Hogg	<ul style="list-style-type: none"> <li>Regular updates are provided to the IJB on the level of general reserves and decisions about utilising general reserves are only made by the IJB.</li> <li>Earmakred reserves are subject to annual review to ensure that they are only retained where the need for them remains. This annual exercise is used to identify opportunities to increase general reserves, where it is appropriate.</li> <li>The budget strategy for 2024-25 includes a strategy for budget smoothing which provides an opportunity to increase general reserves by £9.3m at the end of 2024-25, if spend remains within the funding available.</li> <li>Budget planning for 2025-26 has commenced and this will include an assessment of further opportunities to increase general reserves further as a result of the budget smoothing strategy adopted in 2024-25.</li> </ul>	4x5 Major/ Almost Certain	20	Very High	July 2024 - New risk opened

OFFICIAL

IJB Risk Register (as at July 2024)

Ref	Title	Description	Risk Owner	Responsible Officer	Mitigation / Control	Residual Risk Assessment (Impact x Probability)	Residual Risk Score	Residual Risk Level	Notes
2033	Impact of inflationary pressures	<b>RISK:</b> There is a risk that rising inflation will have detrimental impact on the financial position <b>CAUSE:</b> Inflation at 3.4% (October 2023), with BoE projecting to 2% by 2025; increasing costs for the HSCP from rising prices for food, fuel, supplies, Purchased Services, and equipment plus consequential (e.g. public sector pay award) <b>EFFECT:</b> Detrimental impact on financial position	Sharon Wearing	Margaret Hogg	<ul style="list-style-type: none"> <li>Ongoing monitoring of financial impact of inflation of service costs</li> <li>Consider options for funding as part of wider financial forecasting of financial position for IJB, This could include the use of reserves. Budget provision for inflation included in the 2024/25 budget.</li> <li>Continue to monitor</li> </ul>	4x4 Major/ Likely	16	High	July 2024 - Risk confirmed as accurate.
518	Purchased Providers financial stability	<b>RISK:</b> Financial challenges faced by some provider organisations could destabilise them, render them financially unviable and result in them exiting the market <b>CAUSE:</b> Economic situation and outlook increasing volatility in the social care sector. Increasing costs on providers as employers coupled with ongoing recruitment and retention issues in the sector and limitations on Scottish Government funding increases budget pressures. Fuel and cost of living increases have compounded this. <b>EFFECT:</b> Threat to continuity of provided services and issues in availability of appropriate provision for service users. If providers exit the market, this would lead to enforced changes of provider with potentially little or no notice and lack of capacity in the sector may mean limited or no alternatives available (particularly for complex and specialist needs). This could lead to poorer outcomes or risk of harm to service users, significant operational and financial impact to the HSCP and significant impact on the delivery of the IJB's strategic objectives as set out in the Strategic Plan.	Sharon Wearing	Geri McCormick	<ul style="list-style-type: none"> <li>We are working closely with provider organisations to monitor impact and ensure continuity of services for our service users.</li> <li>We continue to ensure timeous regular payment to provider organisations - all increases in respect of SLW are passed on timeously.</li> <li>IJB identified funds to increase children providers despite no provision being made for a SLW increase in non-adult services.</li> <li>All increases are made on condition of payment of the SLW to frontline staff.</li> <li>The last three months have seen discussion at Government level of the application of this to Children Services. Separate guidance is awaited from Scottish Government in relation to Children's Social Care providers</li> </ul>	4x3 Major/ Possible	12	High	July 2024 - Risk confirmed as accurate
2034	Resources required for National Care Service	<b>RISK:</b> There is a risk the organisation cannot support the volume of resource required for the effective engagement with the Scottish Government proposal to design and establish a National Care Service <b>CAUSE:</b> Staff and key individuals with existing operational roles and responsibilities are diverted to National Care Service activities; ambitious timescales for the design and implementation of the NCS <b>EFFECT:</b> Existing operational priorities and delivery are delayed or compromised; potential impact on delivering strategic priorities	Sharon Wearing	Allison Eccles	<ul style="list-style-type: none"> <li>Workload and resource monitoring continues to be undertaken across the partnership (for example, through one-to-one supervision)</li> <li>Ongoing review of support (including work undertaken and resources being used) required for NCS activity</li> <li>NCS Project Support proposal has been approved by the HSCP Executive Team</li> <li>Programme management structure established to ensure governance and oversight of NCS activity and demand, including HSCP Executive group.</li> <li>Stage one debate took place in Jan/Feb 2024 and programme management structure is put on pause until information is given which then be stood back up.</li> </ul>	3x4 Moderate/ Likely	12	High	July 2024 - Risk owner requested for score to increase from 3x3 (Moderate/Possible) to 3x4 (Moderate/Likely). The Scottish Government has published a significant amount of information as part of the Stage 2 scrutiny of the Bill which will likely require a significant degree of staff resource to support the HSCP/IJB response.
