

Glasgow City Health and Social Care Partnership (HSCP) and Our Locality Engagement Forums (LEF)

Online Spring Engagement Sessions

The HSCP is responsible for the planning, design and delivery of children's, adult, and older people's services. **YOUR VOICE MATTERS** so it is vital that members of the community are included in the planning and design of services to ensure that they meet the needs of communities and individuals. Locality Engagement Forums exist to provide a space for members of the community to come together to discuss issues, themes and listen to what is happening and relevant in health and social care services in the north east, north west and south of Glasgow.

WE PUT OUT A QUESTIONNAIRE IN FEBRUARY/MARCH OF 2021 TO GATHER THE VIEWS OF SERVICE USERS, COMMUNITY ORGANISATIONS, SERVICE PROVIDERS AND MEMBERS OF THE PUBLIC.

THIS WAS CARRIED OUT AS WE WANTED TO FIND OUT THE FOLLOWING:

What was important to people regarding health and social care services?

What were their priorities?

What did they want from Locality Engagement Forums?

How we can best engage with individuals?

We also asked what support would we need to provide in order to support individuals attend meetings

This information has now shaped the 3 Locality Engagement Forums. These will be on:

We recognize that not everyone can access online platforms therefore we have provided traditional measures.

These will be segregated into 3 separate events that will allow participants to engage in the area and services that they come into contact with and also that have been deemed the most important. We must note that the feedback has allowed us to identify services and elements of the HSCP work that respondents have seen as important and we will be able to facilitate a work plan for future engagement and HSCP priorities.

The events orchestrated through event-brite and will be held online via MS teams however we will be also offering telephone interviews, smaller engagement sessions, smaller focus groups and 1-1 discussions to make the session as accessible as possible.
