

Seasonal Flu Vaccination 2020 - 21 Programme Information for Patients aged 60 - 64

If you are in the age range of 60 - 64, and are registered with a General Practice within Glasgow City HSCP, you are eligible for a seasonal flu vaccination this year, and will receive a National letter in December notifying you of this. The letter will be sent to people whose date of birth falls between 1st April 1956 and 31st March 1961.

If you have already had a flu vaccine since September 2020, or you have an appointment to get one, you do not need another vaccination and can ignore this letter.

GP Practices are not involved in the organisation of these clinics and therefore they cannot provide any further information regarding them – please do not phone your Practice about these vaccination arrangements.

We will be delivering vaccines at “drop in” clinics, to patients registered with a Glasgow City General Practice. If you are registered with a General Practice in another Health Board area or another Health and Social Care Partnership within NHSGGC, please check for the local arrangements that are in place to deliver vaccination to this patient group.

Glasgow City Clinics will take place on:

Saturday 5th and Sunday 6th December 2020
Saturday 12th and Sunday 13th December 2020

Clinic Venues and Times

A list of the venues and the clinic times are noted below. Please do not attend these venues outwith these clinic times.

If you are not able to attend these clinics, Community Pharmacies are also providing vaccinations to this age group from 1st to 13th December 2020 and again from the 5th January 2021. Further information on participating pharmacies can be accessed via the [NHSGGC](#) website.

Please note you should not attend a vaccination clinic if you have symptoms of COVID19. (Temperature, new persistent cough, loss of the sense of taste or smell)

If you are attending a clinic, please note the following:

- If you have received an invitation letter please bring it with you – this confirms that you are eligible for a seasonal flu vaccination. If you don't have your letter you can still attend.
- As there are no appointment times, there may be queues, which might be lengthy at times. Please be patient.
- You might be required to queue outside, please be prepared by bringing an umbrella, and wearing weather appropriate clothing.
- In order to help maintain social distancing – please come alone wherever possible and follow the guidance in place maintaining a 2m distance from those around you at all times.
- Wear a face covering, and use the hand sanitiser available on entry into the site.
- We will have staff in place to support and maintain Social Distancing – please follow any guidance they give to you.
- It would be helpful to wear a short sleeved top, under your coat or jacket.
